Mestizos Come Home! Robert Con Davis-Undiano, 2017-03-30 Uruguayan writer Eduardo Galeano has described U S and Latin American culture as continually hobbled by amnesia unable or unwilling to remember the influence of mestizos and indigenous populations In *Mestizos Come Home* author Robert Con Davis Undiano documents the great awakening of Mexican American and Latino culture since the 1960s that has challenged this omission in collective memory He maps a new awareness of the United States as intrinsically connected to the broader context of the Americas At once native and new to the American Southwest Mexican Americans have come home in a profound sense they have reasserted their right to claim that land and U S culture as their own *Mestizos Come Home*

explores key areas of change that Mexican Americans have brought to the United States. These areas include the recognition of mestizo identity especially its historical development across the nineteenth and twentieth centuries, the re-emergence of indigenous relationships to land and the promotion of Mesoamerican conceptions of the human body. Clarifying and bridging critical gaps in cultural history, Davis Undiano considers important artifacts from the past and present connecting the *casta* caste paintings of eighteenth century Mexico to modern day artists including John Valadez, Alma Lopez and Luis A Jimenez Jr. He also examines such community celebrations as Day of the Dead, Cinco de Mayo and lowrider car culture as examples of mestizo influence on mainstream American culture. Woven throughout is the search for meaning and understanding of mestizo identity. A large scale landmark account of Mexican American culture, *Mestizos Come Home* shows that mestizos are essential to U.S. national culture. As an argument for social justice and a renewal of America's democratic ideals, this book marks a historic cultural homecoming.

The Forked Juniper Roberto Cantú, 2016-11-23. Widely acclaimed as the founder of Chicano literature, Rudolfo Anaya is one of America's most compelling and prolific authors. A recipient of a National Humanities Medal and best known for his debut novel *Bless Me Ultima*, his writings span multiple genres from novels and essays to plays, poems and children's stories. Despite his prominence, critical studies of Anaya's writings have appeared almost solely in journals and the last book-length collection of essays on his work is now more than twenty-five years old. *The Forked Juniper* remedies this gap by offering new critical evaluations of Anaya's ever-evolving artistry. Edited by distinguished Chicano studies scholar Roberto Cantú, *The Forked Juniper* presents thirteen essays written by U.S. Mexican and German critics and academics. The essayists employ a range of critical methods in their analyses of such major works as *Bless Me Ultima* (1972), *Jalamanta: A Message from the Desert* (1996) and the *Sonny Baca* narrative quartet (1995, 2005). Through the lens of cultural studies, the essayists also discuss intriguing themes in Anaya's writings such as witchcraft in colonial New Mexico, the reconceptualization of Aztlán and the aesthetics of the New World Baroque. The volume concludes with an interview with renowned filmmaker David Ellis who produced the 2014 film *Rudolfo Anaya: The Magic of Words*. The symbol of the forked juniper tree, venerated as an emblem of healing and peace in some spiritual traditions and a compelling image in *Bless Me Ultima*, is open to multiple interpretations. It echoes the manifold meanings the contributors to this volume reveal in Anaya's boundlessly imaginative literature. *The Forked Juniper* illuminates both the artistry of Anaya's writings and the culture, history and diverse religious traditions of his beloved Nuevo Mexico. It is an essential reference for any reader seeking greater understanding of Anaya's world-embracing work.

Narratives of Greater Mexico Héctor Calderón, 2004. Once relegated to the borders of literature, neither Mexican nor truly American, Chicana/o writers have always been in the vanguard of change, articulating the multicultural ethnicities, shifting identities, border realities and even postmodern anxieties and hostilities that already characterize the twenty-first century. Indeed, it is Chicana/o writers' very in-betweenness that makes them authentic spokespersons for an America that is becoming increasingly Mexican, Latin American and for a Mexico that is ever more

Americanized In this pioneering study Hector Calderón looks at seven Chicana and Chicano writers whose narratives constitute what he terms an American Mexican literature Drawing on the concept of Greater Mexican culture first articulated by Americo Paredes Calderón explores how the works of Paredes Rudolfo Anaya Tomás Rivera Oscar Zeta Acosta Cherrée Moraga Rolando Hinojosa and Sandra Cisneros derive from Mexican literary traditions and genres that reach all the way back to the colonial era His readings cover a wide span of time 1892 2001 from the invention of the Spanish Southwest in the nineteenth century to the América Mexicana that is currently emerging on both sides of the border In addition to his own readings of the works Calderón also includes the writers perspectives on their place in American Mexican literature through excerpts from their personal papers and interviews correspondence and e-mail exchanges he conducted with most of them
