The Care and Keeping of Sensitive Skin Lissa Bell,2012-03 At the age of sixteen Lissa Bell found she had Vitiligo which is hereditary in her family At that time not much was known about Vitiligo and therefore nothing could be done for it other than bleaching the pigmented skin in order to create a more uniform appearance Over time she researched and read the limited information she could find about the condition Eventually she found that she could not use products that contained synthetics without suffering an adverse reaction While in her early thirties the youngest of her two children developed eczema She wanted as a mother to make it all better So she began researching herbal skin care She developed an herbal soap for her son Amazed with the results Bell began experimenting with herbal products for her own skin In 2009 she started Lissa s Naturals a line of skin care products for sensitive skin

Anti Aging Made Easy Dorothy Mason,2021 When it comes to reducing wrinkles you really have to take your needs seriously There are a number of factors that play a role in the health and well being of your skin It is often hard to understand how products work and why they may not work even if they promise to do so If you are considering wrinkle creams and a regimen of facelifts you may go broke in the process Before you do all of that consider going through a process of determine the very best solution for your needs The first thing to consider is the health of your skin Your skin needs to be healthy if you are to keep it from looking old too fast In addition it will allow you to look young and healthy Just because you have wrinkles though does not mean that your skin is unhealthy In fact it just means that your need to take a closer look at your overall health The place to start is with your diet Do you eat healthy foods such as a diet that is rich in deep colored vegetables Do you eat a lot of foods that you know are not healthy for you Do you eat foods that are overly greasy All of these things can cause many areas of your body to not function in the right way If you are looking for a solution to your wrinkles first start with improving your overall diet This means giving your body the necessary nutrients through the food that you consume Many people make the mistake of assuming that what they eat doesn t matter If you are getting wrinkles early on it could be caused by your lack of a healthy diet Improve your diet and improve your overall health as well as your skin s look
