timely human importance in today's globalised and war-torn world. This book is a chronological survey of the Sanskrit Mahabharata's central royal patriline, a family tree that is also a list of kings. Brodbeck explores the importance and implications of patrilineal maintenance within the royal culture depicted by the text and shows how patrilineal memory comes up against the fact that in every generation a wife must be involved with the consequent danger that the children might not sustain the memorial tradition of their paternal family. The Mahabharata Patriline bridges a gap in text-critical methodology between the traditional philological approach and more recent trends in gender and literary theory. Studying the Mahabharata as an integral literary unit and as a story stretched over dozens of generations, this book casts particular light on the events of the more recent generations and suggests that the text's internal narrators are members of the family whose story they tell.

The Election of Ideologies Marie Stacey, 2008-10. With Barack Obama chosen as the new President-Elect, it is very important to become informed on the ideologies, mindsets, and beliefs that will guide Obama's Presidency and dominate his principles. My book explains information about the United States Government relevant to United States Citizens. I am an American and wish to uphold the ideals of freedom within the walls of the United States of America. Those values are very important to protect and uphold. True Conservatism is in revival mode in the United States right now, and I am one of many trying to resuscitate it. Conservatism is a unique and interesting branch of philosophy based on ideological preferences for the world, for government, and for society. While Conservatism is still a major contender in the political climate of any election in America, Conservatism needs a revival from the current constraints put on it by the Republican Party. I promote Conservatism of Capitalism, Freedom, Liberty, the Constitution, and the Declaration of Independence. This book is written from that perspective and encompasses a viewpoint not generally portrayed on television or in the mainstream. Americans in the wake of an Obama Presidency should yearn for more knowledge on the man that will guide our country for the next four years. Only with knowledge can we pursue goals. Everyone knows this. I bring facts into this book that have been discussed in very few other media outlets. The coverage going on only begins with Obama; it also encompasses the Democratic Congress, who has failed to impose any substantial helpful legislation.

Stories We Tell L.J. Breedlove, 1900. Are We Journalists or Aren't We? There was no doubt in Cage Washington's mind. The student-run Eyewitness News had to cover the Black Lives Matter protests in the streets of downtown Portland. He stood with his video camera in hand and waited for his best friend and editor-in-chief to make up his mind. Cage had been down there at the protests last night. He watched the cops fire on protesters. Watched protesters break into the federal building. His own eyes were streaming from the tear gas. He was ordering gas masks for his videographer staff today if he could find any in town. Yes, Ryan Matthews said, cover it. He smiled wryly at his friend. Are we journalists or aren't we? We are now, Cage said. Join EWN in Newsroom PDX, a new adult political suspense series about Portland's protests, the pandemic, and college. Foul language, some sex, a bit kinky, lots of politics, the series, and the city. Book 4 in the series, Newsroom PDX.
