Sound of the Crowd: a Discography of the '80s (Fourth Edition) Steve Binnie, 2018-11-05 SOUND OF THE CROWD A DISCOGRAPHY OF THE 80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before with additional sections to cover Band Aid style charity congregations and compilation albums from the early 80s K Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the 80s music website Sound of the Crowd and writer, producer and co-host of the unconventional 80s chart show Off The Chart broadcast weekly on Mad Wasp Radio.

Loft Jazz Michael C. Heller, 2017 The New York loft jazz scene of the 1970s was a pivotal period for uncompromising artist-produced work. Faced with a flagging jazz economy, a group of young avant-garde improvisers chose to eschew the commercial sphere and develop alternative venues in the abandoned factories and warehouses of Lower Manhattan. *Loft Jazz* provides the first book-length study of this period, tracing its history amid a series of overlapping discourses surrounding collectivism, urban renewal, experimentalist aesthetics, underground archives and the radical politics of self-determination.

In Truth, Madness Imran Khan, 2018-08-24 Meet Malek Khalil. In his mid-40s, Malek is a brilliant reporter with decades of experience in the field. If there has been a war, natural disaster or political crisis, Malek has been there and will be there. But the years of conflict reporting have taken their toll, and Malek is slowly unravelling. His colleagues Neeka and Justin have noticed a change in him. Neeka should know; she has been his producer for decades and knows him better than he knows himself. Justin, the cameraman, has shot his material for just as long. Together they make a formidable team. But they are only as strong as each other, and Malek is fast going down the rabbit hole. Born a Muslim but an atheist to his core, Malek undertakes a voyage that takes him around the world and back in time to ancient Babylon as he finds himself arguing with a God in whom he doesn't believe. The novel takes place throughout the Middle East, South Asia and London, where the backdrop of war, religion, political skulduggery and love play out to take the reader on a journey through some of the most dangerous parts of modern culture and the ancient world.
