Sunset Bomber 27, 1988-01-05 **Sunset Bomber D.** Lawrence Kincaid, 1989-01-01 **The Sunset Bomber D.** Kincaid, 1987 **Justice Denoted** Terry White, 2003-09-30

White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence. Primarily a bibliography of novels, it also annotates plays, scripts for film, and television novelizations and short story collections about lawyers and the law. The idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction. Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important. It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists. Its biographical and scholarly information about authors, major and minor, and their novels or works is traditionally encyclopedic and objective, regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller. Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama, showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason. The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers' *Anatomy of a Murder* as well as the romantic potboiler. Among the more than 2,000 works are the Perry Mason novels of Erle Stanley Gardner, John Mortimer's Rumpole series, along with a staple of fiction by major authors of the genre like John LeCarré, Lisa Scottoline, Margaret Maron, Scott Turow, and John Grisham. There are also individual works by Shakespeare, Goethe, Kafka, Camus, and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *boite noire* of the common individual caught up in its maw. The appendices include comments by lawyer novelist Michael A. Kahn, a historical introduction to the legal thriller, craft notes by writers and prominent trial lawyers, responding to author and lawyer questionnaires, bibliography of critical sources and articles, series characters, and the legal terminology found in courtroom dramas and novels. An essential reference tool for scholars, researchers, as well as the occasional reader of legal thrillers.

The Runner David Samuels, 2012-03-05

The *Runner* tells the remarkable true story of a teenage drifter and petty thief named James Hogue who woke up one cold winter morning in a storage shed in Utah and decided to start his life anew. Reimagining himself as a self-educated ranch hand named Alexi Indris Santana who read Plato under the stars and could run a mile in under four minutes, Hogue applied and was accepted to Princeton University where he excelled academically, made the track team, and became a member of the elite Ivy Club. Echoing both *The Great Gatsby* and *The Talented Mr. Ripley*, the story of Hogue's life before and after he went to Princeton is both an immensely affecting portrait of a dreamer and a striking indictment of the Ivy League meritocracy to which Hogue wanted so badly to belong. Drawing elegant parallels between Hogue's ambitions and the American myth of self-invention while also examining his own uneasy identification with his troubled subject, David Samuels has fashioned a powerful metaphor for the corruptions of the American dream, revealing

exceptional gifts as a reporter and literary stylist *The Loss of Java* P.C. Boer,2011-01-01 The Loss of Java explains in detail the air sea and land battles between the Allied and Japanese armed forces during the battle for Java that followed the evacuation of southern Sumatra in February 1942 Little has been written about the allied air campaign or about why Dutch forces fought just one major land battle with the Japanese the Battle of the Tjiater Pass in the later stages of the struggle P C Boer considers whether the assessment of Major General Van Oyen that deploying the Allied air forces might prevent Japanese invasion of Java was realistic and whether reliance on air power limited the capacity of land and naval forces to repel Japan s advances The generally accepted idea is that the Allies were ineffective in their fight against the Japanese invaders but in fact the Japanese suffered serious losses Boer s study shows that Dutch strategy grew out of a carefully devised plan of defense and that the battle for Java comprised not one the Battle of the Java Sea but four major engagements However Japanese commanders at various levels consciously took steps that exposed their forces to great risk but succeeded in putting the Allies under great pressure In the end the Royal Netherlands East Indies Army KNIL and the allied forces capitulated on 8 March 1942 This book is a translation of Het Verlies Van Java Een kwestie van Air Power De eindstrijd om Nederlands Indie van de geallieerde lucht zee en landstrijdkrschten in de periode van 18 februari t m 7 maart 1942 Amsterdam Bataafsche Leeuw BV for the Koninklijke Militaire Academie 2006 Only Love Can Break Your Heart David Samuels,2012-03-12 Writing for Harper s Magazine and The New Yorker over the last decade David Samuels has penned a disillusioned love song to the often amusing and sometimes fatal American habit of self delusion reporting from a landscape peopled by salesmen dreamers radical environmentalists suburban hip hop stars demolition experts aging baseball legends billionaire crackpots and dog track bettors whose heartbreaking failures and occasional successes are illuminated by flashes of anger and humor Including profiles of disillusioned Pacific Northwest radicals and Nevada nuclear test site workers alongside coverage of Pentagon press conferences and the Super Bowl in Detroit Only Love Can Break Your Heart proves Samuels to be a wonderful inheritor of the great journalistic tradition established by Gay Talese Tom Wolfe and Joan Didion in the 1960s This first collection of his painstakingly reported and wildly inventive writing reveals the full spectrum of his talents as well as an unusual sensitivity to both the tragic and comic dissonances bubbling up from the gap between the American promise of endless nirvana and the lives of ordinary citizens who struggle to live out their dreams *Air Force Magazine* ,1994-07 *Genreflecting* Betty Rosenberg,1986 Annals of the Sunset Club of Los Angeles Sunset Club, Los Angeles,1927 **The Bomber Gipsy, and Other Poems** Alan Patrick Herbert,1918 **The Sporting Goods Directory** ,1941 Sunset Bomber D.
