Tantra Magic:

Tantra, Magic, and Vernacular Religions in Monsoon Asia Andrea Acri, Paolo E. Rosati, 2022-11-03 This book explores the cross and trans cultural dialectic between Tantra and intersecting magical and shamanic practices associated with vernacular religions across Monsoon Asia With a chronological frame going from the mediaeval Indic period up to the present a wide geographical framework and through the dialogue between various disciplines it presents a coherent enquiry shedding light on practices and practitioners that have been frequently alienated in the elitist discourse of mainstream Indic religions and equally overlooked by modern scholarship The book addresses three desiderata in the field of Tantric Studies it fills a gap in the historical modelling of Tantra it extends the geographical parameters of Tantra to the vast yet culturally interlinked socio geographical construct of Monsoon Asia it explores Tantra as an interface between the Sanskritic elite and the folk the vernacular the magical and the shamanic thereby revisiting the intellectual and historically fallacious divide between cosmopolitan Sanskritic and vernacular local The book offers a highly innovative contribution to the field of Tantric Studies and more generally South and Southeast Asian religions by breaking traditional disciplinary boundaries Its variety of disciplinary approaches makes it attractive to both the textual diachronic and ethnographic synchronic dimensions It will be of interest to specialist and non specialist academic readers including scholars and students of South Asian religions mainly Hinduism and Buddhism Tantric traditions and Southeast Asian religions as well as Asian and global folk religion shamanism and magic

Temples Peter Levenda,2011-11-01 Tantra is one of the most misunderstood of the esoteric disciplines In order to get a clear idea as to the nature of Tantric ritual and belief it is necessary to go where Tantra is still practiced and from where important Tantric teachings originated a thousand years ago the island of Java in present day Indonesia This book illustrates the history of Tantrism in Java with more than a hundred photographs of temples statues and iconography dedicated to the system some rarely seen before including the recently excavated white temple of Yogyakarta and accounts of contemporary practices in the shrines cemeteries and secret schools of Java It is this Tantra the Tantra of Java that has influenced secret societies mystics alchemists Kabbalists and magicians for hundreds if not thousands of years This book tells the story of how human sexuality became a metaphor and a template for both spiritual transformation and the manipulation of reality of how various sexual acts and psycho biological states became the basis for a comprehensive cosmology that incorporates every aspect of human experience Sometimes the secrets are buried where you least expect to find them Sometimes they are hidden in plain sight Sometimes they are both In the largest Muslim country in the world we will discover a path of Tantra so unique yet so vibrant and alive that we will be astonished that no one had heard of it until now **The Calcutta Review** ,1885
