Task Of Criticism:

On Criticism Noel Carroll, 2009-06-02 In a recent poll of practicing art critics 75 percent reported that rendering judgments on artworks was the least significant aspect of their job This is a troubling statistic for philosopher and critic Noel Carroll who argues that the proper task of the critic is not simply to describe or to uncover hidden meanings or agendas but instead to determine what is of value in art Carroll argues for a humanistic conception of criticism which focuses on what the artist has achieved by creating or performing the work Whilst a good critic should not neglect to contextualize and offer interpretations of a work of art he argues that too much recent criticism has ignored the fundamental role of the artist's intentions Including examples from visual performance and literary arts and the work of contemporary critics Carroll provides a charming erudite and persuasive argument that evaluation of art is an indispensable part of the conversation of life

Walter Benjamin and the Post-Kantian Tradition Phillip Homburg, 2018-11-15 Walter Benjamin and the Post Kantian Tradition engages with Benjamin as a theorist of a historical and philosophical problematic of modernity a problematic that he finds manifested in different philosophical guises within scientific empiricism neo Kantianism and German Romanticism The book takes us through these manifestations systematically and in doing so it demonstrates how Benjamin develops a unique form of materialist criticism from within the tension he locates within transcendent neo Kantianism materialism and the immanent standpoints of scientific materialism and German Romanticism

Pentateuchal Studies Harold Marcus Wiener,1912 **The Function of Criticism** Terry Eagleton,2006-01-17 This wide ranging book argues that criticism emerged in early bourgeois society as a central feature of a public sphere in which political ethical and literary judgements could mingle under the benign rule of reason The disintegration of this fragile culture brought on a crisis in criticism whose history since the 18th century has been fraught with ambivalence and anxiety Eagleton s account embraces Addison and Steele Johnson and the 19 century reviewers such critics as Arnold and Stephen the heyday of Scrutiny and New Criticism and finally the proliferation of avant garde literary theories such as deconstructionism The Function of Criticism is nothing less than a history and critique of the critical institution itself Eagleton s judgements on individual critics are sharp and illuminating which his general argument raises crucial questions about the relations between language literature and politics *The New Schaff-Herzog Encyclopedia of Religious Knowledge: Basilica-Chambers* Albert Hauck,Samuel Macauley Jackson,Charles Colebrook Sherman,George William Gilmore,1908 **The Critic** Jeannette Leonard Gilder,Joseph Benson Gilder,1895 **Yearbook** ,1930 **The Spectator** ,1879 A weekly review of politics literature theology and art *Current Opinion* Edward Jewitt Wheeler, Frank Crane,1901 The Homiletic Review ,1906
