Hamilton Patricia MacLachlan and Cynthia Voight as well as many multicultural and international books Far from being a limiting genre that praises females at the expense of males the feminist children s novel seeks to communicate an inclusive vision of politics gender age race and class By revising former stereotypes of children s literature and replacing them with more complete images of females in children s books Trites encourages those involved with children s literature teachers students writers publishers critics librarian booksellers and parents to be aware of the myriad possibilities of feminist expression Roberta Trites focuses on the positive aspects of feminism on the ways females interact through family and community relationships on the ways females have revised patriarchal images and on the ways female writers use fictional constructs to transmit their ideologies to readers She thus provides a framework that allows everyone who enters a classroom with a children s book in hand to recognize and communicate with an optimistic reality based sense of happily ever after the politics and the potential of that book

**Upper Elementary Reading Lessons** Marilyn J. Chambliss,Linda Valli,2011-07-16 Engaging students in worthwhile learning requires more than a knowledge of underlying principles of good teaching It demands considerable practice as well as images of what good teaching in particular situations and for particular purposes might look like This volume provides these images These cases were written from authentic unrehearsed lessons taught by upper elementary classroom teachers to diverse groups of real students in intact classrooms Each lesson contains elements of sound instructional practice from which both preservice and in service teachers can benefit Cases are not meant to be ideal but rather to evoke ways of seeing and thinking about good classroom instruction for all learners Accompanied by analytic commentaries from experts representing

a particular perspective such as special education and ESOL these unrehearsed cases are written with the understanding that teaching is complex and multi dimensional The cases are drawn from a four year study of 4th and 5th grade mathematics instruction of culturally diverse classrooms with relatively high rates of students from low income families **Rip-Roaring**
