*Margaret Thatcher: The Iron Lady Who Changed the World* Fabricio Sales Silva,2025-04-24 Many have asked me how it was possible how a young woman from a small town the daughter of a grocer came to be the Prime Minister of the United Kingdom The answer is simple and challenging it s not about where you start but about where you decide to go It s about refusing to be limited by the expectations of others I never accepted the idea that a woman should take second place and I didn t accept the idea that real change could be made without resistance I have always believed that there is no society There are men and women and families And the success of any nation begins with the strength of each individual My life is an example of this When you understand that your worth is not dictated by circumstances but by the choices you make the world opens up in an unimaginable way When I was called the Iron Lady I realized it was a compliment Not because it was easy to be tough but because someone had to be Being strong does not mean having no doubts it means acting in spite of them Life has taught me that watching others make history is not enough You need to be willing to be a part of it This means making decisions that are not always popular but that are necessary Leading requires the courage to say no when everyone around you expects you to say yes It requires the strength to stand firm even when your position is attacked from all sides
