

TEACH Scholars' Night is held each year in Ventura County to recognize the educational and training goals of Ventura County's youth in foster care who have just graduated from high school or are pursuing their goals through college attendance or vocational training.

This year's event will be held on:
Wednesday, May 31, 2023 at 5:30pm
Ventura County Office of Education Conference Center
5100 Adolfo Road, Camarillo, CA

Scholars' Night is sponsored by community partners and organizations who believe the accomplishments of these exceptional scholars should be recognized and supported.

TEACH Scholarships are given annually. The Scholarship program is administered through the Ventura County Community Foundation. The night of honor is a separate event, held to highlight the achievements of the TEACH Scholarship honorees. The evening includes:

- Attendance by community leaders and supporters
- Certificates
- Donated educational tools
- Dinner
- Inspirational program

Each Scholar is encouraged to bring two guests to attend their special night.

TEACH Scholars' Night brings the community together in support of the Scholars individual educational journey; Each has faced significant challenges as they transition out of foster care. Employment, education, housing, transportation is needed and must typically be secured without the help of family members. These resilient young people have learned to turn obstacles into opportunities!

TEACH Scholars' Night is funded from individuals, agencies, businesses, and Foundations in Ventura County.

The Scholars Of Night:

The Scholars of Night John M. Ford, Charles Stross, 2021-09-21 John M Ford's *The Scholars of Night* is an extraordinary novel of technological espionage and human betrayal weaving past and present into a web of unbearable suspense. Nicholas Hansard is a brilliant historian at a small New England college. He specializes in Christopher Marlowe. But Hansard has a second secret career with The White Group, a consulting agency with shadowy government connections. There he is a genius at teasing secrets out of documents old and new to call him a code breaker is an understatement. When Hansard's work exposes one of his closest friends as a Russian agent and the friend then dies mysteriously, the connections seem all too clear. Shaken, Hansard turns away from his secret work to lose himself in an ancient Marlowe manuscript. Surely a lost 400-year-old play is different enough from modern murder. He is very, very wrong.
