## **The Summerhouse:**

**The Summerhouse** Jude Deveraux, 2002-04-26 Jude Deveraux's marvelous New York Times bestseller is a touching and delightful exploration of the longings that live deep inside every woman's heart featuring three friends who get a once in a lifetime chance to find out what might have been. Have you ever wanted to rewrite your past? Three best friends all with the same birthday are about to turn forty. Celebrating at a summerhouse in Maine, Leslie, Headrick, Madison, Appleby, and Ellie Abbott are taking stock of their lives and loves, their wishes and choices. But none of them expect the gift that awaits them at the summerhouse: the chance for each of them to turn their what might have beens into reality. Leslie, a suburban wife and mother, follows the career of a boy who pursued her in college, wonders what if she had chosen differently. Madison dropped a modeling career to help her high school boyfriend recover from an accident, even though he'd jilted her. But what if she had said no when her old boyfriend had called? Ellie became a famous novelist, but a bitter divorce wiped out her earnings and shattered her belief in herself. Why had the justice system failed her? And could she prevent its happening the second time around? Now a mysterious Madame Zoya offers each of them a chance to relive any three weeks from the past. Will the road not taken prove a better path? Each woman will have to decide for herself as she follows the dream that got away, and each must choose the life that will truly satisfy the heart's deepest longings.

**The Mystery of the Summer-house** Horace Gordon Hutchinson, 1919 *Follies in America* Kerry Dean Carso, 2021-08-15 *Follies in America* examines historicized garden buildings known as follies from the nation's founding through the American centennial celebration in 1876. In a period of increasing nationalism, follies such as temples, summerhouses, towers, and ruins brought a range of European architectural styles to the United States. By imprinting the land with symbols of European culture, landscape gardeners brought their idea of civilization to the American wilderness. Kerry Dean Carso's interdisciplinary approach in *Follies in America* examines both buildings and their counterparts in literature and art, demonstrating that follies provide a window into major themes in nineteenth-century American culture, including tensions between Jeffersonian agrarianism and urban life, the ascendancy of middle-class tourism and gentility, and social class aspirations.
