

The book cover features a dark, atmospheric scene. On the left, a dark, spiky creature with a crown of sharp points stands in a dimly lit, cavernous space. A bright, orange and yellow flame-like trail emanates from its lower body, extending towards the bottom center. The background is a mix of dark, rocky textures and a hazy, light-colored mist or smoke. The title 'DEADSOUL Tribe' is positioned on the right side, with 'DEADSOUL' in a simple, serif font and 'Tribe' in a more ornate, gothic-style script.

Tribe Of The Dead Uk:

How Uk Should Be James Nicholls,2020-12-10 This is a book which holds a very large amount of my ideological beliefs which form a new ideology quite unlike any other before it I dream of a better world a healthier world A world where people are safe and all products which poison the minds and lead to human destruction don t exist A world where animal species are never driven to extinction and co exist with people rather well where many natural areas of the world remain untouched unpolluted and humans are safe from the natural hazards of the world and the unnatural hazards of the world An economic system which is fair and relatively stable and where jobs are as easy to get as merely talking A world where every religion is at peace with the other as are its followers to followers of another A justice system which is real justice and countries whom many people can say their honestly proud of being a citizen of A world free of economic corruption and instability Grasslands as green as the deepest green and forests which have trees not seldom seen A world where everyone can claim free speech no matter how outrageous radical stupid or barbaric it may sound to those people with differing views The name of this new ideological belief should be officially called Distributionism This book mainly focuses on the United Kingdom and what s best for the United Kingdom but it can be read comfortably by people who aren t UK citizens *Britain's Killing Fields* John Igbino,2023-01-19 Britain kept meticulous records of its casualties in Southern Nigeria but it did not collect and keep any coherent records of the casualties it inflicted on the so called natives Britain s failure to collect and keep natives casualty statistics was not an unconscious omission Instead it was a deliberate policy because it placed considerably less value on the lives of natives compared to European lives It held that a drop of European blood was worth four times more than natives blood The death of a District Officer on active duty was worth the lives of up to two hundred natives and it took twenty natives to service a Political Officer on the field Additionally it accepted the arguments of its top commander Colonel Arthur Montanaro that natives were engaged in illegal resistance to His Majesty s Government therefore while he had a duty to crush their resistance to the British Government he was not duty bound to account for their deaths Accordingly the book explores these untold aspects of British History particularly the computation of the number of Indigenous people of the landmass which became Southern Nigeria who were killed between 1900 and 1930 during one of the bloodiest periods in the history of Southern Nigeria as British troops of the West African Frontier Force WAFF and the West African Service Brigade WASB rampaged through Southern Nigeria In its explorations the book posed and addressed the following questions how many Indigenous people of Southern Nigeria were killed by the British Army between 1900 and 1930 What were the names of the people who were killed Were there women and children among the dead How old were they when they died Where were they buried Who buried them there What were the prevailing political circumstances when they were killed Under what military circumstances were they killed Was there a state of war between the Indigenous people of Southern Nigeria and Britain when they were killed The book s sources were unpublished original archival documents at the National Archives

These document sources included Ordinances Proclamations Admiralty s and Crown Agents papers High Commissioners Governor General s and Lieutenant Governor s Correspondences and Despatches The Correspondences and Despatches included field reports compiled by British Army Officers Field Commanders British Police Commissioners Political Officers District Officers DO District Commissioners Divisional Officers Divisional Commissioners and Provincial Commissioners These sources are kept in the following Colonial Office Documents series Southern Nigeria CO520 series and Nigeria CO583 series *Report of the ... Archaeologists and the Dead Howard Williams, Melanie Giles, 2016-06-24 This volume addresses the relationship between archaeologists and the dead through the many dimensions of their relationships in the field through practical and legal issues in the lab through their analysis and interpretation and in their written visual and exhibitionary practice disseminated to a variety of academic and public audiences Written from a variety of perspectives its authors address the experience effect ethical considerations and cultural politics of working with mortuary archaeology Whilst some papers reflect institutional or organisational approaches others are more personal in their view creating exciting and frank insights into contemporary issues which have hitherto often remained unspoken amongst the discipline Reframing funerary archaeologists as death workers of a kind the contributors reflect on their own experience to provide both guidance and inspiration to future practitioners arguing strongly that we have a central role to play in engaging the public with themes of mortality and commemoration through the lens of the past Spurred by the recent debates in the UK papers from Scandinavia Austria Italy the US and the mid Atlantic frame these issues within a much wider international context which highlights the importance of cultural and historical context in which this work takes place **Report of the ... Comparative Vocabularies of the Indian Tribes of British Columbia Geological Survey of Canada, William Fraser Tolmie, George Mercer Dawson, 1884 The vocabularies of Indian languages of British Columbia here printed were for the most part collected by Dr W F Tolmie and the writer George M Dawson in Victoria during the winter of 1875 76 The result aimed at was to obtain a short series of the principal words of all the languages and dialects spoken in the province on a uniform system The map accompanying this publication embraces a large amount of information respecting the distribution of the various tribes covering an area west of the Rocky Mountains of about 200 000 square miles and filling what remained as a gap between Mr W H Dall s ethnological maps of Alaska and Washington Territory It brings out in a most striking way the singular linguistic diversity which obtains along the coast line of this part of America *Report of the Annual Meeting*
