Troopers With Custer:

Troopers With Custer: Historic Incidents Of The Battle Of The Little Big Horn E. A. Brininstool, 2015-11-06 No one survived in Custer's immediate command but other soldiers fighting in the Battle of the Little Big Horn on June 25-26, 1876 were doomed to remember the nightmarish scene for decades after. Their true and terrible stories are included in *Troopers with Custer*. Some of the veterans who corresponded with E. A. Brininstool were still alive when his book first appeared in a shortened version in 1925. It has long been recognized as classic Custeriana. More incisively than many later writers, Brininstool considers the causes of Custer's defeat and questions the alleged cowardice of Major Marcus A. Reno. His exciting reenactment of the Battle of the Little Big Horn sets up the reader for a series of turns by its stars and supporting and bit players. Besides the boy general with the golden locks, they include Captain Frederick W. Benteen, the scouts Lieutenant Charles A. Varnum, and Lonesome Charley Reynolds, the trumpeter John Martin, officers and troopers in the ranks who miraculously escaped death, the only surviving surgeon, and the captain of the steamboat that carried the wounded away, the newspaperman who spread the news to the world, and many others. Print ed. *Troopers with Custer (Expanded, Annotated)* E.A. Brininstool, 1952-01-01 Still one of the best Custer books. E. A. Brininstool's classic brings together his lifetime of work on the Little Bighorn disaster and the Indian Wars. A newspaperman and cowboy poet born just six years before Custer's last battle, Brininstool met, interviewed, and corresponded with many Little Bighorn survivors. Here is his final work on the subject, published a few years before his death in 1957. Even if you've read lots of Custer material, you'll find information that you haven't read before in this volume. Every history of the American West provides us with another view of the movement that changed the country forever. For the first time, this long out-of-print volume is available as an affordable, well-formatted book for e-readers and smartphones. Archaeology, History, and Custer's Last Battle Richard A. Fox,2015-02-16 On the afternoon of June 25 1867 an overwhelming force of Sioux and Cheyenne Indians quickly mounted a savage onslaught against General George Armstrong Custer s battalion driving the doomed troopers of the U S Seventh Cavalry to a small hill overlooking the Little Bighorn River where Custer and his men bravely erected their heroic last stand So goes the myth of the Battle of the Little Bighorn a myth perpetuated and reinforced for over 100 years In truth however Custer s Last Stand was neither the last of the fighting nor a stand Using innovative and standard archaeological techniques combined with historical documents and Indian eyewitness accounts Richard Allan Fox Jr vividly replays this battle in astonishing detail Through bullets spent cartridges and other material data Fox identifies combat positions and tracks soldiers and Indians across the Battlefield Guided by the history beneath our feet and listening to the previously ignored Indian testimonies Fox reveals scenes of panic and collapse and ultimately a story of the Custer battle quite different from the fatalistic versions of history According to the author the five companies of the Seventh Cavalry entered the fray in good order following planned strategies and displaying tactical stability It was the sudden disintegration of this cohesion that caused the troopers defeat The end came quickly unexpectedly and largely amid terror and disarray Archaeological evidences show that there was no determined fighting and little firearm resistance The last soldiers to be killed had rushed from Custer Hill A trooper with Custer and other historic incidents Earl Alonzo Brininstool,1925 A Trooper with Custer E.
