Under A Violet Moon:

Black Knight: Ritchie Blackmore Jerry Bloom, 2009-11-05 Dubbed the man in black it's time to look beyond the myth and the rumours of this most charismatic but misunderstood of rock Guitarists Ritchie Blackmore's early days saw him mixing with colourful characters like Screaming Lord Sutch Joe Meek and Jerry Lee Lewis Then he became a defining member of Seventies legends Deep Purple creating the rock anthems Black Night and Smoke On The Water Over the years Blackmore's moodiness and eccentric behaviour his three marriages and his clashes with the law have earned him a reputation as one of rock's most abrasive figures Yet there are many unexpected sides to this complex man Black Knight has been written and researched by Jerry Bloom a fan who first met Ritchie more than twenty years ago and has followed his varied career ever since The result is a biography rich in detail and full of surprising insights Tears & Laughters Ray R. F., 2022-11-08 Tears Laughters is a poetry collection by Ray R F These poems explore themes such as teen depression insecurities and heartbreak Fly me to the moon Bik Van der Pol, 2007 Suppose the New Rijksmuseum were in the market for a site on the moon some time in the near or distant future Would it be sensible or nonsensical for the Rijksmuseum to purchase a lunar plot where it can safely house its collection Since the discovery of the moon people have laid claim to it whether symbolic or genuine The moon has resources that could potentially be extracted using technologies yet to be developed What is more it may become possible for people to live on the moon someday Pending future developments there is a lively Internet trade in deeds to pieces of the moon available at bargain prices The legality of this form of private enterprise is obviously debatable and yet Bik Van der Pol took as core item of the project one of the oldest objects in the collection of the Rijksmuseum a moon rock The crew of the first manned lunar landing mission Apollo 11 brought this rock back to earth in 1969 That same year the three astronauts Neil Armstrong Edwin Aldrin and Michael Collins visited the Netherlands Willem Drees a former Dutch prime minister received the rock on that occasion as a present from the United States ambassador And later this piece of stone was donated to the Rijksmuseum The moon rock creates links between the site of the museum the city the collection and its own origins These links are examined from various perspectives In the background are questions concerning the public and private significance of a collection as well as questions of public interest
