War Plan K:

Battleground Chicago Frank Kusch, 2008-05 The 1968 Democratic Convention best known for police brutality against demonstrators has been relegated to a dark place in American historical memory *Battleground Chicago* ventures beyond the stereotypical image of rioting protestors and violent cops to reevaluate exactly how and why the police attacked antiwar activists at the convention Working from interviews with eighty former Chicago police officers who were on the scene Frank Kusch uncovers the other side of the story of 68 deepening our understanding of a turbulent decade Frank Kusch s compelling account of the clash between Mayor Richard Daley s men in blue and anti war rebels reveals why the 1960s was such a painful era for many Americans to his great credit Kusch allows the pigs to speak up for themselves Michael Kazin Kusch s history of white Chicago policemen and the 1968 Democratic National Convention is a solid addition to a growing literature on the cultural sensibility and political perspective of the conservative white working class in the last third of the twentieth century David Farber *Journal of American History* *Catching the Wind* Neal Gabler, 2021-11-02 NEW YORK TIMES NOTABLE BOOK One of the truly great biographies of our time Sean Wilentz New York Times bestselling author of *Bob Dylan in America* and *The Rise of American Democracy* A landmark study of Washington power politics in the twentieth century in the Robert Caro tradition Douglas Brinkley New York Times bestselling author of *American Moonshot* The epic definitive biography of Ted Kennedy an immersive journey through the life of a complicated man and a sweeping history of the fall of liberalism and the collapse of political morality *Catching the Wind* is the first volume of Neal Gabler s magisterial two volume biography of Edward Kennedy It is at once a human drama a history of American politics in the late twentieth and early twenty first centuries and a study of political morality and the role it played in the tortuous course of liberalism Though he is often portrayed as a reckless hedonist who rode his father s fortune and his brothers coattails to a Senate seat at the age of thirty the Ted Kennedy in *Catching the Wind* is one the public seldom saw a man both racked by and driven by insecurity a man so doubtful of himself that he sinned in order to be redeemed The last and by most contemporary accounts the least of the Kennedys a lightweight He lived an agonizing childhood being shuffled from school to school at his mother s whim suffering numerous humiliations including self inflicted ones and being pressed to rise to his brothers level He entered the Senate with his colleagues lowest expectations a show horse not a workhorse but he used his ninth child s talent of deference to and comity with his Senate elders to become a promising legislator And with the deaths of his brothers John and Robert he was compelled to become something more the custodian of their political mission In *Catching the Wind* Kennedy using his late brothers moral authority becomes a moving force in the great liberal hour which sees the passage of the anti poverty program and the Civil Rights and Voting Rights Acts Then with the election of Richard Nixon he becomes the leading voice of liberalism itself at a time when its power is waning a shadow president challenging Nixon to keep the American promise to the marginalized while Nixon lives in terror of a Kennedy restoration *Catching the Wind* also shows how Kennedy

s moral authority is eroded by the fatal auto accident on Chappaquiddick Island in 1969 dealing a blow not just to Kennedy but to liberalism In this sweeping biography Gabler tells a story that is Shakespearean in its dimensions the story of a star crossed figure who rises above his seeming limitations and the tragedy that envelopes him to change the face of America
