Warrior Planet:

Warrior Planet Don Wismer, 1987-05-15 The Guild of Thieves recognizes the October Guild for what they really are an alien race from the Sculptor galaxy out to control all of human space Nin Tova leader of the Guild of Thieves has sworn to stop them but she s helpless against their psi powers She has a plan though she ll kidnap Asher Tye an apprentice of the October Guild to learn his psi powers and the October Guild s plans At the publisher s request this title is sold without DRM Digital Rights Management [Alien Warrior's Captive Bride](#) Miranda Martin, 2018-08-01 Every now and then when all the planets are in proper alignment fate smiles on one lone warrior Hope Earth is no longer able to support human life and trying to scratch out a meager existence is nearly impossible Hope is reluctantly forced to sign up for the intergalactic brides program Just as she s getting desperate she finds a tolerable species willing to purchase her contract Because nothing is ever that easy her ship gets hit by raiders and Hope can t manage keep her big mouth shut when their alien captors begin tormenting one of the younger women Jettisoned into space her one and only chance at survival is in the hands of a Draconian warrior Larok Larok is a lone sentinel standing guard for his mother ship When he comes across a frail human queen his world tilts out of alignment Saving her means a nasty death if his vicious Draconian queen finds out he rescued her Risking his own life is one thing but risking the life of his entire family and small son is another Snagging the beautiful human out of harm s way results in battling against the Draconian fleet destroying a planet and stealing a wormhole device that s their only chance at escape Larok finds himself forced to reach his hand into the dragon s mouth desperate to pull victory from the jaws of defeat By the time it s all finished he will either die in the glorious battle of a lifetime or end up mated to the most attractive human female in the galaxy **Navigating the Stars** Maria V. Snyder, 2018-12-01 2019 PRISM Award Winner The answer is no Lyra my mother utters her favorite I swear phrase No means I have to travel with them to another planet again No means leaving all my friends fifty years in the past Thanks Einstein Seventeen year old Lyra Daniels can t truly blame Einstein or her parents for their impending move across the Milky Way Galaxy It s all due to the invention of the Q net which made traveling the vast distances in space possible with one big caveat the time dilation But that never stopped Lyra s ancestors from exploring the Milky Way searching for resources and exoplanets to colonize What they didn t expect to find is life sized terracotta Warriors buried on twenty one different exoplanets Make that twenty two As the Galaxy s leading experts on the Warriors Lyra s parents are thrilled by the new discovery sending them and her fifty years into the future Her social life in ruins she fills her lonely days by illegally worming into the Q net The only person close to her age is the annoyingly irresistible security officer who threatens to throw her into the brig After the planet they just left goes silent meaning no communications from them at all security has bigger problems to deal with than Lyra especially when vital data files go missing But that s just the beginning because they re not as alone as they thought on their new planet and suddenly time isn t the only thing working against them *Chasing the Shadows* Maria V. Snyder, 2019-11-18 2020 PRISM Award

Winner Year 2522 Lyra Daniels is dead Okay so I only died for sixty six seconds But when I came back to life I got a brand new name and a snazzy new uniform Go me Seriously though it s very important that Lyra Daniels stays dead at least as far as the murdering looters know While dying is the scariest thing that s happened to me it morphed my worming skills I can manipulate the Q net like never before But the looters have blocked us from communicating with the rest of the galaxy and now they believe we ve gone silent like Planet Xinji where silent really means dead A Protector Class spaceship is coming to our rescue but we still have to survive almost two years until they arrive if they arrive at all Until then we have to figure out how to stop an unstoppable alien threat And it s only a matter of time before the looters learn I m not dead and returns to finish what they started There s no way I m going to let the looters win Instead I ll do whatever it takes to save the people I love But even I m running out of ideas
