Word Deed:

Mighty in Word and Deed Stephen Hultgren,2025-05-06 This book is the first of a two volume work on the origins of the gospel form from a social memory approach Social memory takes account of both the individual and the community in the formation of the gospels by considering social frameworks and socially significant narrative patterns that individuals use to remember and recount the past Part 1 reviews the history of scholarship and then develops a social memory approach and a method of textual study drawing on insights from recent research on orality memory and narrative Part 2 offers a series of textual studies focusing on Capernaum and Nazareth illustrating factors that might have contributed to the construction of a gospel as an extended narrative inclusive of Jesus s words and deeds and why such a narrative was essential to early Christian memory of Jesus

Word Versus Deed Duane Litfin,2012 A timely call to pursue a much needed balance between preaching the gospel and living it out *The Naked Preacher* Jason C. Boyd,2018-03-29 This new volume in the SCM Research series argues that both preaching and Action Research are inherently exposing practices They require a deep level of self consciousness and a willingness to hold oneself up to critique and comment But at their best they are both formed within a deep and supportive critical community Applying a methodology rooted in Action Research as way of Doing Theology ART and drawn from the author s own research within a specific community of practice The Naked Preacher demonstrates for preachers and ministers new ways to be critically and constructively self aware It also offers an important contribution for practical theologians with an interest in action research and critical reflection
