Zen Dawn:

Zen Dawn, 2001-11-13 This important book brings together three long lost texts the earliest known writings on Zen Records of the Teachers and Students of the Lanka presents a complete set of biographies of the Zen patriarchs Bodhidharma s Treatise on Contemplating Mind written in the form of a dialogue between the first Zen patriarch Bodhidharma and his successor Huke views all the various practices of the Bodhisattva path from the perspective of cultivating mind Treatise on Sudden Enlightenment presents a series of questions and answers illuminating the true nature of sudden enlightenment as pure undifferentiated mind Dating from the first half of the eighth century and only recently rediscovered in Tun Huang China these books offer the best information currently available on the early meditation techniques of the northern school of Zen Buddhism *Zen.Dawn in the West* Philip Kapleau,1979 **Meteorological Observations Made at the Magnetic and Meteorological Observatory at Simla During the Years 1841-1845** Simla (India). Observatory,1872 Sudden and Gradual Peter N. Gregory,1991-01-01 This volume examines the historical basis of the debate over sudden versus gradual approaches to enlightenment in Chinese Buddhism seeing it as part of a recurrent polarity in Chinese history and thought Sudden and Gradual includes essays by Luis O Gomez on the philosophical implications of the debate in China and Tibet Whalen Lai on Taodheng s theory of sudden enlightenment Neal Donner on Chih i s system of T ien t ai John R McRae on Shen Hui s sudden enligthenment and its precedents in Northern Ch an Peter N Gregory on Tsung i s theory of sudden enlightenment **Modernism and the Occult** John Bramble,2015-03-04 This study of modernism s high imperial occult exotic affiliations presents many well known figures from the period 1880 1960 in a new light Modernism and the Occult traces the history of modernist engagement with irregular heterodox and imported knowledge *Encounter with Enlightenment* Robert E. Carter,2001-01-01 Examines the influence of Shintoism Confucianism Buddhism and Zen Buddhism on Japanese ethics with implications for our understanding of various social economic and environmental problems *Halfway Up The Mountain* Mariana Caplan,2014-03-04 Caplan TO TOUCH IS TO LIVE asserts that the reality of the present condition of contemporary spirituality in the West is one of grave distortion confusion fraud and a fundamental lack of education She claims that as positive as the tremendous rise in spirituality is there is not any context for determining whether any particular teaching or teacher is truly enlightening Caplan compiles interviews with such noted spiritual masters as Joan Halifax Llewellyn Vaughan Lee and Rabbi Zalman Schachter Shalomi on the nature of enlightenment In the first section Caplan examines the motivations people have for seeking enlightenment and contends that very often they seek this state as a means of gratifying the ego This presumption of enlightenment she says often afflicts teachers masquerading as spiritual leaders These teachers sometimes look down on their students and gloat over how far they have come and how far the students have to go A second section focuses on The Dangers of Mystical Experience in which Caplan claims that many seekers mistake the mystical experience itself for enlightenment she and the

teachers she interviews all assert that enlightenment always involves gaining some knowledge about self and others The third section Corruption and Consequence focuses on the nature of power and corruption the fourth section Navigating the Mine Field Preventing Dangers on the Path provides a survey of the ways in which practitioners can avoid the pitfalls of false enlightenment A final section Disillusionment Humility and the Beginning of Spiritual Life concludes that the Real spiritual life is the life of total annihilation and the return to just what is Caplan s illuminating book calls into question the motives of the spiritual snake handlers of the modern age and urges seekers to pay the price of traveling the hard road to true enlightenment

Zen Dawn Jonathan C. Cleary, Patriarchs on Paper Alan Cole,2016-11-01 The truth of Chan Buddhism better known as Zen is regularly said to be beyond language and yet Chan authors medieval and modern produced an enormous quantity of literature over the centuries To make sense of this well known paradox Patriarchs on Paper explores several genres of Chan literature that appeared during the Tang and Song dynasties c 600 1300 including genealogies biographies dialogues poems monastic handbooks and koans Working through this diverse body of literature Alan Cole details how Chan authors developed several strategies to evoke images of a perfect Buddhism in which wonderfully simple masters transmitted Buddhism s final truth to one another suddenly and easily and of course independent of literature and the complexities of the Buddhist monastic system Chan literature then reveled in staging delightful images of a Buddhism free of Buddhism tempting the reader over and over with the possibility of finding behind the thick fa ade of real Buddhism with all its rules texts doctrines and institutional solidity an ethereal world of pure spirit Patriarchs on Paper charts the emergence of this kind of fantasy Buddhism and details how it interacted with more traditional forms of Chinese Buddhism in order to show how Chan s illustrious ancestors were created in literature in order to further a wide range of real world agendas
