## **Zion And State:**

Zion and State Mitchell Cohen, 2026-01-16 Zion and State explores the origins of the struggle between the left and right in Israel and the Zionist movement Mitchell Cohen traces the emergence of Jewish nationalism and modern Jewish political ideologies in the late nineteenth century the birth of Zionist political parties at the time of Theodor Herzl and the genesis of Israeli politics through the first fifteen years of Jewish statehood Analyzing the political battles of the 1920s and 1930s Cohen shows how the Zionist Labor movement led by David Ben Gurion defeated the challenge of the right wing Revisionist Zionists led by Vladimir Jabotinsky demonstrating how the growing dominance of Labor made the birth of Israel possible At the same time the author argues that once in power the labor movement's long term policies were ultimately self defeating and helped to lay the groundwork for its own undoing in the 1970s This new and expanded edition of Zion and State includes a new preface and a new essay Between Revolution and Normalcy

*The Controversy of Zion* Geoffrey Wheatcroft, 1996 After centuries of persecution and contempt European Jews were slowly emancipated in the nineteenth century This gave them a chance to become what they were never allowed to be before loyal citizens of the countries where they lived As the nineteenth century wore on however this emancipation proved to be an illusion The hatred once based on religion made way for a new and more insidious form of anti Semitism based on race and culture The Jew was still a stranger his position the more false and humiliating for his attempt to assimilate This was the Jewish Question to which at the end of the nineteenth century a drastic solution was proposed In 1896 Viennese journalist Theodore Herzl first coined the term Zionism for a movement to found a homeland where Jews could live free from his persecution In *The Controversy of Zion* Wheatcroft shows how Zionism proposed as an answer has instead raised many questions He examines in detail the debates over Jewish nationalism from the time of Herzl through Prime Minister Yitzhak Rabin's assassination in 1995 introducing a host of extraordinary characters Disraeli and Marx the early Zionists Hess and Herzl Jewish writers such as Karl Kraus anti Semites such as Belloc military Zionists such as Jabotinsky and noble spirited teachers such as Judah Magnes Today there is a Jewish state which is a source of healing pride for millions of Jews but also a source of anxiety Should they defend the religious zealots and right wing settlers who play an ever larger part in Israeli life Or is Israel increasingly irrelevant to the fabulous success story of the Jews of America This engaging and original book illuminates the current conflicts in the Middle East and the continuing Jewish dilemma
