Último round Julio Cortázar, 1978 S lab a viva Uno de tantos d as de Saignon Los testigos Del cuento breve y sus alrededores Noticias del mes de Mayo Casi nadie va a sacarlo de sus casillas lbum con fotos Silvia Tu m s profunda piel Las buenas inversiones En vista del xito obtenido La mu eca rota Homenaje a Alain Resnais Homenaje a Mallarm *Julio Cortázar* Carlos J. Alonso, 1998-06-13 A collection of essays on the Argentine writer Julio Cort zar **The Representation of the Political in Selected Writings of Julio Cortázar** Carolina Orloff, 2013 Orloff shows that Cort zar did not become a political writer as a result of the Cuban Revolution as is often claimed but rather that the representation of the political was present in Cort zar s very first writings The book analyses the evolution of the representation of distinct political elements throughout Cort zar s writings mainly with reference to the novels and the so called collage books which have so far received only limited critical attention The author also alludes to some short stories and refers to many of Cort zar s non literary texts Through this chosen corpus the book follows a thematic thread showing that politics was present in Cort zar s fiction from his very first writings and not as he himself tended to claim only following his conversion to socialism The study aims to show that contrary to what many critics have argued this political conversion did not divide the writer into an irreconcilable before and after the apolitical versus the political but rather it simply shifted the emphasis of the representation of the political that already existed in Cort zar s writings Carolina Orloff is an independent scholar working on research projects in the UK and in Argentina The Dissenting Voice Martin S. Stabb, 2014-05-23 Political social and aesthetic change marked Latin American society in the years between 1960 and 1985 In this book Martin Stabb explores how these changes made their way into the essayistic writings of twenty six Spanish American intellectuals Stabb posits that dissent against ideology against simplistic notions of technological progress against urban values and even against the direct linear expository style of the essay itself characterizes the work of these contemporary essayists He draws his examples from major canonical figures including Paz Vargas Llosa Fuentes and Cort zar and from lesser known writers who merit a wider readership such as Monterroso Zaid Edwards and Ibarg engoitia This exploration overturns many conventional assumptions about Latin American intellectuals and also highlights some of the other achievements of authors famous primarily for novels or short stories *The Social Conscience of Latin American Writing* Naomi Lindstrom, 2010-01-01 A CHOICE Outstanding Academic Book Literature in Latin America has long been a vehicle for debates over the interpretation of social history cultural identity and artistic independence Indeed Latin American literature has gained international respect for its ability to present social criticism through works of imaginative creation In this comprehensive up to the minute survey of research and opinion by leading Latin American cultural and literary critics Naomi Lindstrom examines five concepts that are currently the focus of intense debate among Latin American writers and thinkers Writing in simple clear terms for both general and specialist readers of Latin American literature she explores the concepts of autonomy and dependency postmodernism literary intellectuals and

the mass media testimonial literature and gender issues including gay and lesbian themes Excerpts in English from relevant literary works illustrate each concept while Lindstrom also traces its passage from the social sciences to literature *Julio Cortázar*, 1985 **El último de los mohicanos, con notas críticas de la licda.
