Zombie Jamboree:

Partially Devoured Daniel Kraus, 2026-03-10 A stroke of genius This is the definitive love letter to the film written with such meticulous passion and demented glee that you feel yourself standing on the set during the shoot Greg Nicotero The New York Times bestselling author of *Whalefall* and *Angel Down* dives into a horror movie classic to examine his favorite film's importance to our history culture and psychology a perfect blend of research and memoir for fans of the movie the genre and beyond Daniel Kraus first saw George A Romero's *Night of the Living Dead* when he was five years old Through watching it approximately three hundred times since Kraus discovered the many ways the film is tied to his childhood trauma and how its influence has carried into his adulthood He couldn't help but wonder Are there other admirers of the film out there who feel the same *Partially Devoured* uses a frame by frame deep dive into *Night of the Living Dead* to produce a kaleidoscopic cultural investigation of the film's importance and to examine the author's early life of rural isolation and local violence Careening from film analysis to rabbit hole tangents *Partially Devoured* will take readers from screaming laughter to the depths of grief all while illustrating how a beloved genre film has woven itself into so many facets of our lives
