Kinder,2025-04-22 A new and heartbreaking history of World War II as told through the shocking experiences of zoos across the globe As Europe lurched into war in 1939 zookeepers started killing their animals On September 1 as German forces invaded Poland Warsaw began with its reptiles Two days later workers at the London Zoo launched a similar spree dispatching six alligators seven iguanas sixteen southern anacondas six Indian fruit bats a fishing cat a binturong a Siberian tiger five magpies an Alexandrine parakeet two bullfrogs three lion cubs a cheetah four wolves and a manatee over the next few months Zoos worldwide did the same The reasons were many but the pattern was clear The war that was about to kill so many people started by killing so many animals Why And how did zoos nevertheless not just survive the war but play a key role in how people did too A harrowing yet surprisingly uplifting

chronicle Kinder s World War Zoos traces how zoos survived the deadliest decades of global history from the Great Depression through the terrors of World War II to the dawn of the Cold War More than anything before or since World War II represented an existential threat to the world s zoological institutions Some zoos were bombed others bore the indignities of foreign occupation Even zoos that were spared had to wrestle with questions rarely asked in public What should they do when supplies ran low Which animals should be killed to protect the lives of others And how could zoos justify keeping dangerous animals that might escape and run wild during an aerial attack Zoos in wartime reveal the shared vulnerabilities of humans and animals during periods of social unrest and environmental peril World War II era zoos offered people ways to think about and grapple with imprisonment powerlessness and degradation Viewed today the story of zoos during World War II can be read as an allegory of twenty first century crises as the effects of climate change threaten all life across the planet A one of a kind history World War Zoos is the story of how the world s zoos survived the deadliest conflict of the twentieth century and what was lost along the way Parks & Recreation ,1925 **Air Reserve Forces Review** ,1955
