

Supporting Behaviour in the Early Years

An Educator's Role

If a child is displaying behaviour that is disruptive to themselves and/or others, you may wish to use some of the following strategies:

Interact with the child in a calm manner and remain calm.

Ensure that the child helps to tidy up any mess made as a result of their behaviour.

Provide a quiet area where the child has an opportunity to self-regulate.

Sensitively point out to the child what they are doing and offer support to modify their behaviour.

Engage with the child in a way that is fun and enjoyable.

Respond to the child's behaviour in a way that is appropriate to the situation.

Ensure the child has an opportunity to self-regulate.

Engage with the child in a way that is fun and enjoyable.

Ensure the child has an opportunity to self-regulate.

Glenda Mac Naughton

Supporting Childrens Active Learning Video:

Shaping Early Childhood: Learners, Curriculum And Contexts Mac Naughton, Glenda,2003-12-01 This text is designed to support novice and more experienced early childhood educators working with children from birth to age eight to be critically reflective in diverse aspects of their work Each section contains ideas clarification exercises reflection points summaries and case studies

Shaping Early Childhood: Learners, Curriculum and Contexts Glenda Mac Naughton,2003-12-16 This should be essential reading for anyone involved in the training and professional development of early years practitioners It is an impressive analysis of the historical and contemporary big ideas that have influenced societies and practitioners views of children and the nature of the curriculum There are powerful sections on parents and communities I particularly liked the stimulating ideas galleries with their statements from researchers policy makers and practitioners around the world Nursery World October 2004 This key textbook introduces students and practitioners to a wide range of different approaches to early childhood It provides practical strategies for developing and implementing early learning experiences that promote excellence and equity for children The book presents the latest research and thinking about good practice discusses how various philosophies and beliefs influence decisions in early childhood education and identifies the key thinkers behind each approach By examining different perspectives the book helps early childhood practitioners to navigate their way through competing views make informed choices and be critically reflective in their work In an accessible lively and user friendly way it explores issues such as What constitutes an appropriate early childhood curriculum How best to study and assess children Involving parents and children in early childhood learning The book features a range of pedagogical devices to inspire early childhood workers to reflect critically on their work and the ideas underpinning it including Boxed definitions of key terms Ideas summary charts and ideas galleries Clarification exercises Case studies Further reading lists This essential textbook is ideal for students undertaking early childhood qualifications at degree level Masters courses in early childhood education and for practitioners who work with children from birth to eight in early childhood settings

Teaching Young Children: Choices In Theory And Practice Mac Naughton, Glenda,Williams, Gillian,2008-11-01 This book presents early childhood students and staff with a broad and diverse range of teaching techniques to support children s learning It examines 26 techniques ranging from simple ones such as describing and listening to more complex methods such as deconstruction and scaffolding The strategies selected are derived from the best current research knowledge about how young children learn A detailed evaluation of each strategy enables childcare staff early childhood teachers and students to expand their repertoire of teaching strategies and to critically evaluate their own teaching in early childhood settings Vignettes and examples show how early childhood staff use the techniques to support children s learning and help to bring the discussion of each technique to life Revised and updated in light of the latest research new features include Coverage of the phonics debate Addition of ICT content Questions for further discussion

Revision to the chapter on problem solving Updated referencing throughout Teaching Young Children is key reading for students and experienced early childhood staff working in diverse settings with young children

Supporting Young Learners 4 Nancy Altman Brickman,Holly Barton,Jennifer Burd,2005

Early Media Exposure Rachel Barr,Tiffany Munzer,Mark Nielsen,2025-03-07 Given the foundational development that occurs during early childhood exposure to digital media has long been a topic of research interest and associated public concern Media use has become an integral part of family life and meets many family needs Research has struggled to keep pace with the changing use of technology and the impact that this has on early childhood development To meet this challenge we encourage submissions to this editorial initiative of particular relevance led by Prof Rachel Barr Dr Tiffany Munzer and Prof Mark Nielsen that are at the cutting edge of investigation into early media exposure The goal of this Research Topic is to shed light on the progress made during the past decade within the broad and multidisciplinary field of early media exposure and to draw attention to future challenges associated with this to provide a thorough overview of the status of the field This collection will inspire inform and provide direction and guidance

Language Disorders in Children Joan N. Kaderavek,Victoria S. Henbest,2024-11-26 This modernized third edition of Language Disorders in Children Fundamental Concepts of Assessment and Intervention offers a comprehensive overview of language disorders in children for speech language pathology students The expert authors bring together decades of clinical experience and pedagogical expertise to create a comprehensive resource with instructional strategies and clinical applications enhanced with numerous activities discussions and case studies that promote critical thinking This edition introduces a groundbreaking model that utilizes a story based approach to explain the dimensions of choosing and developing interventions This method engages students in a thought experiment that illuminates the nuances of clinical decision making particularly for children with developmental language disorder autism and other developmental disabilities The book revisits and expands upon the well regarded five communication subdomains framework providing a clear and structured approach to understanding language development from early pragmatic skills to advanced discourse New to the Third Edition New coauthor Victoria S Henbest PhD CCC SLP A color layout with refreshed illustrations to enhance visual comprehension Increased emphasis on multicultural considerations in assessment and treatment of child language disorders Added content on the use of technology in clinical practice Additional class activities and discussions to facilitate clinical thinking skills Key Features A two step approach to language sample analysis is presented with clarifying case studies figures and directions for completing a language sample Chapter overview questions at the beginning of chapters serve as a road map for students QR codes direct readers to helpful video clips and web resources Boxed focus points effectively communicate the most crucial aspects of the text Bolded key terms and a comprehensive glossary help improve retention of the material Case studies and discussion and in class activities encourage students to delve deeper into the material Concise chapter summaries end each chapter to reinforce key takeaways Appendices containing valuable

supplementary materials such as worksheets case studies language analyses guides standard score interpretation tutorial and assessment reports Please note ancillary content such as student quizzes are not included as with the print version of this book *Bowker's Complete Video Directory, 1998*, 1998 **A Study Guide to Educating Young Children** Mary Hohmann, High/Scope Educational Research Foundation, 2002 Practice exercises for adults to be used in conjunction with *Educating young children EC P H686* 2002 Human-Computer Interaction: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2015-10-02 As modern technologies continue to develop and evolve the ability of users to interface with new systems becomes a paramount concern Research into new ways for humans to make use of advanced computers and other such technologies is necessary to fully realize the potential of 21st century tools Human Computer Interaction Concepts Methodologies Tools and Applications gathers research on user interfaces for advanced technologies and how these interfaces can facilitate new developments in the fields of robotics assistive technologies and computational intelligence This four volume reference contains cutting edge research for computer scientists faculty and students of robotics digital science and networked communications and clinicians invested in assistive technologies This seminal reference work includes chapters on topics pertaining to system usability interactive design mobile interfaces virtual worlds and more **Resource Catalog**, 1995 This catalogue of early childhood resources represents the current materials available from the Ohio Department of Education Division of Early Childhood Education Information Dissemination Project housed at the Central Ohio Special Education Regional Resource Center COSERRC These instructional and professional materials reflect a balance of items that will serve all children typically developing and those with disabilities ages birth age eight The collection also contains resources relating to school age child care programs *Resources in Education*, 1998 State of the Art Virtual Reality and Augmented Reality Knowhow Nawaz Mohamudally, 2018-05-23 State of the Art Virtual Reality and Augmented Reality Knowhow is a compilation of recent advancements in digital technologies embracing a wide arena of disciplines Amazingly this book presents less business cases of these emerging technologies but rather showcases the scientific use of VR AR in healthcare building industry and education VR and AR are known to be resource intensive namely in terms of hardware and wearables this is covered in a chapter on head mounted display HMD The research work presented in this book is of excellent standard presented in a very pragmatic way readers will appreciate the depth and breadth of the methodologies and discussions about the findings We hope it serves as a springboard for future research and development in VR AR and stands as a lighthouse for the scientific community *Caring Spaces, Learning Places* James T. Greenman, Jim Greenman, 2005 Children deserve to spend their days in well designed environments that support their needs and stimulate their learning Adults who spend their days teaching and caring for young children deserve environments that maximize their skills Caring Spaces Learning Places is a book of ideas observations problems solutions examples resources photographs and poetry Here you will find best of current thinking

about children's environments 360 pages to challenge you stimulate you inspire you product description Early Childhood Education, 1991 Bowker's Complete Video Directory 2001, 2001 Supporting Young Learners 3 Nancy Altman Brickman, 2001 High Scope's third compilation of updated Extensions articles brings you sound answers to important issues you face each day The practical advice this book offers is based on the High Scope approach to working with young children from birth through elementary school age Valuable tips for preschool teachers Head Start staff kindergarten teachers child care staff program directors elementary school teachers and family day care providers Audiovisual Resources Wisconsin Child Care Information Center, 2005-06 **Audiovisual Resources for Family Programming** Barbara A. Jordan, Noreen Stackpole, Suffolk Family Education Clearinghouse, 1995 Includes more than 1 700 videotapes games kits and audiocassettes plus workshop and program curricula **Supporting E-learning** Maxine Melling, 2005 E learning is becoming commonplace in academic institutions To date its learning has been used as an alternative medium in the delivery of established content however it is also becoming a vehicle for much wider ranging developments including a change in the relationship between teachers and those responsible for learner support Increasingly library and information services are directly involved in the development of e content and in delivering services to support e learning Thus it is affecting all aspects of library service provision in education quality services in an e learning environment It will help managers understand e learning and more importantly help them exploit the full potential of this new area for their service Contributions from leading managers and practitioners address the range of operational issues that managers should consider in supporting e learning and provide case studies in order to demonstrate how the theory can be translated into practice services involved with policy and service development issues from senior to team managers It will also be insightful for new professionals and students **Supporting Boys' Learning** Barbara Sprung, Merle Froschl, Nancy Gropper, 2010-07-04 Supporting Boys Learning is a wonderful addition to any teacher's library It supplies a good balance of data analysis and plenty of practical tips to help get the best out of the boys in the classroom I would encourage principals to buy a copy and leave it in the teachers lounge It is a great read for teachers who want to get the best out of all their children Peg Tyre journalist and author of The Trouble with Boys
