The Lobster Chronicles:

The Lobster Chronicles Linda Greenlaw, 2003-06-11 A New York Times bestseller the author and swordfisher shares her experiences of returning to her small New England island hometown in this memoir A National Geographic Book Club Pick Declared a triumph by the New York Times Book Review Linda Greenlaw's first book *The Hungry Ocean* appeared on nearly every major bestseller list in the country Now taking a break from the swordfishing career that earned her a major role in *The Perfect Storm* Greenlaw returns to Isle au Haut a tiny Maine island with a population of 70 year round residents 30 of whom are Greenlaw's relatives With a Clancy esque talent for fascinating technical detail and a Keillor esque eye for the drama of small town life Greenlaw offers her take on everything from rediscovering home love and family to island characters and the best way to cook and serve a lobster But Greenlaw also explores the island's darker side including a tragic boating accident and a century old conflict with a neighboring community Throughout Greenlaw maintains the straight shooting funny and slightly scrappy style that has won her so many fans and proves once again that fishermen are still the best storytellers around These true interwoven stories of island life and lobstering are as engaging and uncommon as Greenlaw's adventures at sea Boston Magazine

The Lobster Chronicles: A Trilogy Jessica Scott Kerrin, 2012-12-09 The Lobster Chronicles is a trilogy about how life changes for three boys in a small coastal town when a giant lobster is caught Each book describes the same events through a different boy's eyes making for three suspenseful believable stories and an engrossing reading experience

Anthony Bourdain A fast funny memoir punctuated with sensible advice and recipes Encourages adults to chill the heck out and have fun cooking with their kids Seattle Weekly An antidote to the ubiquitous advice that bland food is best for little ones Associated Press Full of great ideas for family meals In a world of culinary pandering to kids Amster-Burton gets the recipe right Neal Pollack author of *Alternadad* Amster-Burton is equal parts Mario Batali Ray Romano Dr Spock of toddler cuisine and Mr Spock of child logic Steven Shaw author of *Turning the Tables*

Spit Feathers Jessica Scott Kerrin, 2013-08 Ferguson is trying to help his grandfather figure out his legacy His grandfather doesn't want to have any regrets like his old

friend McDermitt who famously caught a giant lobster but regretted not returning it to sea So when another giant lobster is caught in their fishing community and put up for auction Ferguson cooks up a plan with his grandfather to bid on the lobster and set it free Will this be his grandfather s legacy or will the town s richest man ruin everything Spit Feathers is the third book in The Lobster Chronicles a trilogy about how life changes for three boys in a small coastal town when a giant lobster is caught Each book describes the same events through a different boy s eyes making for three suspenseful believable stories and an engrossing reading experience

The Hungry Ocean Linda Greenlaw,2001-08-01 The term fisherwoman does not exactly roll trippingly off the tongue and Linda Greenlaw the world s only female swordfish boat captain isn t flattered when people insist on calling her one I am a woman I am a fisherman I am not a fisherwoman fisherlady or fishergirl If anything else I am a thirty seven year old tomboy It s a word I have never outgrown Greenlaw also happens to be one of the most successful fishermen in the Grand Banks commercial fleet though until the publication of Sebastian Junger s The Perfect Storm nobody cared Greenlaw s boat the Hannah Boden was the sister ship to the doomed Andrea Gail which disappeared in the mother of all storms in 1991 and became the focus of Junger s book The Hungry Ocean Greenlaw s account of a monthlong swordfishing trip over 1 000 nautical miles out to sea tells the story of what happens when things go right proving in the process that every successful voyage is a study in narrowly averted disaster There is the weather the constant danger of mechanical failure the perils of controlling five sleep women and booze deprived young fishermen in close quarters not to mention the threat of a bad fishing run If we don t catch fish we don t get paid period In short there is no labor union Greenlaw s straightforward uncluttered prose underscores the qualities that make her a good captain regardless of gender fairness physical and mental endurance obsessive attention to detail But ultimately Greenlaw proves that the love of fishing in all of its grueling isolating suspenseful glory is a matter of the heart and blood not the mind I knew that the ocean had stories to tell me all I needed to do was listen Svenja Soldovieri
