The Long Roll:

The Long Roll Mary Johnston, 1911-01-01 On this wintry day cold and sunny the small town breathed hard in its excitement It might have climbed rapidly from a lower land so heightened now were its pulses so light and rare the air it drank so raised its mood so wide so very wide the opening prospect Old red brick houses old box planted gardens old high leafless trees out it looked from its place between the mountain ranges Its point of view its position in space had each its value whether a lesser value or a greater value than other points and positions only the Judge of all can determine The little town tried to see clearly and to act rightly If in this time so troubled so obscured by mounting clouds so tossed by winds of passion and of prejudice it felt the proudest assurance that it was doing both at least that self infatuation was shared all around the compass The town was the county seat Red brick and white pillars set on rising ground and encircled by trees the court house rose like a guidon planted there by English stock Around it gathered a great crowd breathlessly listening It listened to the reading of the Botetourt Resolutions offered by the President of the Supreme Court of Virginia and now delivered in a solemn and a ringing voice The season was December and the year 1860 **The Long Roll** Mary

Stonewall Jackson from the Shenandoah Valley outward. Through marches, skirmishes, and set-piece battles, the novel marries panoramic strategy to granular textures of camp routine, terrain, courier work, and nerves under fire. Its disciplined, cadenced prose blends nineteenth-century romance with early twentieth-century documentary realism. Published in 1911 amid a culture of commemoration, it stands between Lost Cause memorial writing and modern military fiction, faithful to movements and maps while unmistakably Confederate in vantage. A Virginian by birth, Johnston drew on family recollections, veterans' testimony, official reports, and on-the-ground study of battlefields. Already famous for *To Have and To Hold*, she pivoted here from swashbuckling romance to rigorous campaign narrative, assembling soldiers and civilians to examine discipline, faith, loyalty, and fatigue. Her focus on Jackson's tempo and staff work reflects archival immersion and intimate knowledge of the Valley's geography. Readers of Civil War history and historical fiction will find *The Long Roll* both exacting and engrossing. It illuminates how strategy, landscape, and morale intertwined and offers a vital document of Southern remembrance, rewarding scholars, students, and general readers seeking disciplined narrative power. [Quickie Classics](#) summarizes timeless works with precision, preserving the author's voice and keeping the prose clear, fast, and readable, distilled, never diluted. The Long Roll. by Mary Johnston, N. C. Wyeth, 2016-08-12 Mary Johnston (November 21, 1870 – May 9, 1936) was an American novelist and women's rights advocate from Virginia. She was one of America's best-selling authors during her writing career and had three silent films adapted from her novels. *Before Gone with the Wind* exploded into print, Mary Johnston's *The Long Roll* was one of the definitive novels about the Civil War. Unlike Mitchell's novel of Southern aristocracy, however, Johnston sets her tale among the fighting armies. *The Long Roll* begins with secession and ends with the funeral of Stonewall Jackson. Our protagonists are Richard Cleave of Virginia and General Jackson himself, who begins the novel as a major. Cleave's action in the Confederate artillery alternates with Jackson's cavalry maneuvers to show a wide range of battle experience and combat effectiveness. Johnston peels away some of the historical romance of the cavalry and shows how vital artillery was in the battles. No less significant, she pays close attention to the importance of planning and patience and the role of roads, rail, horse, and boat, mixing all of these elements with descriptions of raw courage and reckless abandon. As the narrative follows Cleave and Jackson, we are led through the most decisive engagements in the years of Confederate supremacy: Manassas, The Seven Days, Fredericksburg, Malvern Hill, and Sharpsburg. *The Long Roll* brings alive the differing motives for secession and war and eerily evokes the suspicion and battered consciences of both North and South.
