Story Of Identity:

Identity and Story Dan P. McAdams, Ruthellen Josselson, Amia Lieblich, 2006 The editors bring together an interdisciplinary and international group of creative researchers and theorists to examine the way the stories we tell create our identities The contributors to this volume explore how beginning in adolescence and young adulthood narrative identities become the stories we live by *The Life Story, Domains of Identity, and Personality Development in Emerging Adulthood* Michael W. Kyle Matsuba, 2018 The Life Story Domains of Identity and Personality Development in Emerging Adulthood focuses on individuals formulations of the unique episodes and events of their lives that give one meaning and a sense of personal identity This book brings the growing research on narrative study and the life story into focus by drawing from the existing research on personality development during emerging adulthood In this book authors Michael W Pratt and M Kyle Matsuba present a series of chapters exploring how one s life story manifests across the many components of their developing identity including their religion morality vocation society and the relationships they have with their parents peers and romantic partners Taking their cue from Erik Erikson s model of adolescent and adult development the authors show readers exactly how a life story approach can illuminate the distinctive features of an individual s personality and development during this formative phase of life Organized around a set of life contexts where personality is manifested i e adjustment personal ideology close relationships occupation and civic life this book draws on the authors own longitudinal research on the development of the life story in emerging adulthood Throughout the book they incorporate fascinating case studies and historical examples e g Darwin Pope Francis Martin Luther King Jr Jane Fonda of individuals unique development during this period of life in order to better illustrate the application of this approach to understanding the whole person in context

Frei, 2013-11-19 This is a book about Jesus of Nazareth It is not a book about story nor about narrative theology Hans Frei was not a theologian of story or of narrative in any general way and this book is neither about the narrative quality of our existence and the gospel s relation to that quality nor about the narrative shape of the Scriptures as a whole and the call on us to place ourselves within that narrative Rather this is a book about the way in which Jesus of Nazareth s identity is rendered by the Gospels largely the Synoptic Gospels particularly the Gospel of Luke and especially in the passion and
