the most complex and puzzling diseases to affect mankind It is the most common of the severe mental illnesses psychoses with  
an estimated prevalence of 0.5-1% in the general population and accounts for a very large portion of the day to day workload  
of the average psychiatrist 50% of long term psychiatric patients in mental hospitals are schizophrenic There is a great deal of  
controversy about the causes diagnosis and treatment of schizophrenia with the consequence that a huge amount of research  
is carried out in the field by psychiatrists psychologists neuroscientists and pharmacologists For the average practising  
psychiatrist seeing schizophrenics on a regular basis making sense of the vast body of information on the subject and filtering  
out what is of clinical relevance can be very difficult There is a constant stream of new drugs emerging and the  
new generation of drugs the so called atypicals is very effective but often expensive The Editors one American and one  
British are both highly respected clinical psychiatrists who are probably the leading experts on schizophrenia from their  
respective countries and jointly have published almost 150 papers on the subject They have brought together a strong group  
of contributors from the USA UK and Europe to produce what will be an essential reference for the trainee and practising  
psychiatrist The book consists of four sections descriptive aspects causative aspects physical treatments and psychological  
behavioural social treatments There will be discussion of the theoretical controversies over symptomatology classification and  
aetiology the relationship of schizophrenia to the other psychoses the significance of positive and negative symptoms and pre  
morbid personality There will be chapters on organic models of schizophrenia neurodevelopmental genetic and structural  
studies and the role of high expressed emotion The final section will cover social and environmental treatment the role of the  
families of schizophrenics and the psychoanalytical therapies There is a new chapter on the patient's perspective written by a
