Testa's Journey David Glivens,2004-04-01 Deep in the South near the Mississippi border lived a dark skinned girl with skin of chocolate eyes as big as marbles and hair as thick as the batter of a cake who went by the name of Testa Testa lived with her mother father and three siblings on a small farm in an old wooden shack Although Testa s family was very poor they were very rich with love for one another as long as they had each other and God in their lives Testa her mother and siblings later moved to the big crucial lonely and intense city of New York to seek a better life leaving her father behind to watch over the crops until the winter rolled in something Testa was not happy about because she loved her father very much He was a good man who worked very hard to take care of his family Life wasn t kind to Testa Her father died shortly after their move to New York leaving Testa with a broken heart to mend

Rethinking Testimonial Cinema in Postdictatorship Argentina Verónica Garibotto,2019-01-07 For roughly two decades after the collapse of the military regime in 1983 testimonial narrative was viewed and received as a privileged genre in Argentina Today however academics and public intellectuals are experiencing memory fatigue a backlash against the concepts of memory and trauma just as memory and testimonial films have reached the center of Argentinian public discourse In Rethinking Testimonial Cinema in Postdictatorship Argentina Ver nica Garibotto looks at the causes for this reticence and argues that rather than discarding memory texts for their repetitive excess it is necessary to acknowledge them and their exhaustion as discourses of the present By critically examining how trauma theory and subaltern studies have previously been applied to testimonial cinema Garibotto rereads Argentinian films produced since 1983 and calls for an alternate interpretive framework at the intersection of semiotics theories of affect scholarship on hegemony and the ideological uses of documentary and fiction She argues that recurrent concepts such as trauma mourning memory and subalternity miss how testimonial films have changed over time shifting from subaltern narratives to official hegemonic and iconic accounts Her work highlights the urgent need to continue to study these types of narratives particularly at a time when military dictatorships have become entrenched in Latin America and memory narratives proliferate worldwide Although Argentina is Garibotto s focus her theory can be adapted to other contexts in which narratives about recent political conflicts have shifted from alternative versions of history to official hegemonic accounts such as in Spanish Chilean Uruguayan Brazilian South African and Holocaust testimonies Garibotto s study of testimonial cinema moves us to pursue a broader ideological analysis of the links between film and historical representation

The Amish and the Media Diane Zimmerman Umble,David L. Weaver-Zercher,2008-04-21 Of all the religious groups in contemporary America few demonstrate as many reservations toward the media as do the Old Order Amish Yet these attention wary citizens have become a media phenomenon featured in films novels magazines newspapers and television from Witness Amish in the City and Devil s Playground to the intense news coverage of the 2006 Nickel Mines School shooting But the Old Order Amish are more than media subjects Despite their separatist tendencies they use their
