## **To America:**

Tales for the Trail from England to America Morgan Maine, 2014-11-13 When I was a child my wonderful family were constantly telling me stories about their lives adventures wars they served in and wars they were too old or too young to fight or serve in All past and current members of The United States Military are the reason America is free We Patriots beat the King of England and the Founding Fathers created the most important document that has kept America free and that was the US Constitution Throughout my life I have been a free American born American citizen I owe that privilege and right and honor to every American signer of the US Constitution and every member of the United States Military from the Revolutionary War to today's date which includes most of my family members *A Beginner's Guide to America* Roya Hakakian, 2021-03-16 A stirring witty and poignant glimpse into the bewildering American immigrant experience from someone who has lived it Hakakian's love letter to the nation that took her in is also a timely reminder of what millions of human beings endure when they uproot their lives to become Americans by choice The Boston Globe Into the maelstrom of unprecedented contemporary debates about immigrants in the United States this perfectly timed book gives us a portrait of what the new immigrant experience in America is really like Written as a guide for the newly arrived and providing practical information and advice Roya Hakakian an immigrant herself reveals what those who settle here love about the country what they miss about their homes the cruelty of some Americans and the unceasing generosity of others She captures the texture of life in a new place in all its complexity laying bare both its beauty and its darkness as she discusses race sex love death consumerism and what it is like to be from a country that is in America's crosshairs Her tenderly perceptive and surprisingly humorous account invites us to see ourselves as we appear to others making it possible for us to rediscover our many American gifts through the perspective of the outsider In shattering myths and embracing painful contradictions that are unique to this place *A Beginner's Guide to America* is Hakakian's candid love letter to America *The Way of Saint James: Journey to America* Eugene Sierras, 2019-07-15 The Way of Saint James Journey to America is the story about a family with origins in Spain and their journey to America including the United States of America and Los Estados Unidos Mexicanos the United Mexican States The story focuses on the lives of two men Mihail Gurevich and Baltazar de la Vega Their families background history and the lives they led in Europe under conditions that motivated both men to immigrate to America to seek a better life are told Both men departed when they were young and overcame several obstacles with a resolve to achieve a life in which they could live in freedom and prosper with hard work and dedication toward family Both individuals were products of not only their place of birth but also the societies in which they lived Both left what could have been a life not confronted by danger and the unknown Both chose to venture forth accepting whatever challenges and risks life may present to them Their journeys occurred against the larger history of Europe in which they lived Their journey is similar to the mystical El Camino de Santiago the Way of Saint James which served as a metaphor of their quest **Why German**
