To The Back Of Beyond:

To the Back of Beyond Peter Stamm, 2017-10-03 Man Booker Prize nominee Peter Stamm explores in his sixth novel what it means to be in the middle of nowhere in mind and in body Happily married with two children and a comfortable home in a Swiss town Thomas and Astrid enjoy a glass of wine in their garden on a night like any other Called back to the house by their son's cries Astrid goes inside expecting her husband to join her in a bit But Thomas gets up and after a brief moment of hesitation opens the gate and walks out No longer bound by the ties of his everyday life family friends work Thomas begins a winding trek across the countryside exposed as never before to the Alpine winter At home Astrid wonders where he's gone when he'll come back whether he's still alive Following Thomas and Astrid on their separate paths *To the Back of Beyond* becomes ultimately a meditation on the limits of freedom and on the craving to be wanted *The Back of Beyond* Martin

Vopěnka, 2021-07-20 Martin Vopěnka's novel *The Back of Beyond Travels with Benjamin* is the story of a middle-aged man who despite his professional success and affluence lacks fulfillment After the tragic death of his wife he is left alone with his eight-year-old son and quickly realizes that if he wants to succeed in the role of single parent that has suddenly been thrust upon him he has to change fundamentally So he takes his son and sets out on a journey to what he dubs the Back of Beyond Without telling anyone of their plans in fact without any plans to speak of father and son travel from city to city from country to country assembling a travelogue that includes not only depictions of exotic places and colorful encounters but also an inner journey deep into the human experience and the complexities of living in a post-communist world With its unique blend of sensitive and suggestive language *The Back of Beyond Travels with Benjamin* is a stylistic gem rendered in seamless translation and appearing here for the first time in English
