Task Force 57:

Task Force 57 Peter Charles Smith, 1969 **Task Force 57** Peter C. Smith, 1969 **Task Force 57** Peter C. Smith, 1994 The Marshalls United States. Marine Corps, Robert Debs Heintz, 1954 **Allies against the Rising Sun** Nicholas Evan Sarantakes, 2009-10-27 In the annals of World War II the role of America's British allies in the Pacific Theater has been largely ignored. Nicholas Sarantakes now revisits this seldom studied chapter to depict the delicate dance among uneasy partners in their fight against Japan offering the most detailed assessment ever published of the U.S. alliance with Great Britain, Australia, New Zealand, and Canada. Sarantakes examines Britain's motivations for participating in the invasion of Japan, the roles envisioned by its Commonwealth nations, and the United States' decision to accept their participation. He shows how the interests of all allies were served by maintaining the coalition even in the face of disputes between nations, between civilian and military leaders, and between individual services, and that allied participation, despite its diplomatic importance, limited the efficiency of final operations against Japan. Sarantakes describes how Churchill favored British-led operations to revive the colonial empire, while his generals argued that Britain would be further marginalized if it didn't fight alongside the United States in the assault on Japan's home islands. Meanwhile, Commonwealth partners preoccupied with their own security concerns saw an opportunity to support the mother country in service of their own separatist ambitions. And even though the United States called the shots, it welcomed allies to share the predicted casualties of an invasion. Sarantakes takes readers into the halls of both civil and military power in all five nations to show how policies and actions were debated, contested, and resolved. He not only describes the participation of major heads of state but also brings in lesser-known Commonwealth figures, plus a cast of military leaders including General of the Army Douglas MacArthur and Fleet Admiral Chester Nimitz on the American side, and Admiral of the Fleet Sir Andrew Cunningham and Field Marshal Sir Alan Brooke on the British. He also paints vivid scenes of battle, including the attack of the British Pacific Fleet on Japan and ground fighting on Okinawa. Deftly blending diplomatic, political, and military history encompassing naval, air, and land forces, Sarantakes's work reveals behind the scenes political factors in warfare alliances and explains why the Anglo-American coalition survived World War II when it had collapsed after World War I.

British Pacific Fleet 1944-45 Brian Lane Herder, 2023-11-23 An illustration-packed new account of the powerful Royal Navy fleet that fought alongside the US Navy throughout the last year of the Pacific War. The British Pacific Fleet was the Royal Navy's primary contribution to the direct defeat of Japan in 1945 and is among the most powerful fleets Britain has ever sent into action. With naval supremacy in home waters achieved by 1944, many of the best and most modern ships in the Royal Navy could be sent to the Pacific, including battleships, submarines, light forces, replenishment groups, and shore establishments. However, the main striking force was the fast carrier force. Illustrated throughout with dramatic new artwork, 3D diagrams, maps, and archive photos, this book explains how the Royal Navy joined the Pacific carrier war and how the fleet adopted the US Navy's ruthlessly effective fast

carrier doctrine With ships optimized for short range operations in the Atlantic and Mediterranean the BPF had to rapidly adapt to the long range high tempo warfare of the Pacific and the story is often one of inspired improvisation The BPF shared the US Navy s terrifying experience of kamikaze strikes and famously its armoured carriers proved tougher than the US counterparts With discussion of the ships their technology how the fleet was organized and commanded and how it fought the campaign this book is a fascinating exploration of the Royal Navy s part in the victory over Japan *History of United States Naval Operations: Korea* James A. Victory at Mortain Mark J. Reardon,2002 Determined to drive the Allies back to the English Channel elements of four combat hardened panzer divisions faced off against a single American infantry division near the town of Mortain The Americans held their ground enabling the Allied armies to secure the invasion and ultimately liberate France Reardon offers a new perspective on the German defeat in Normandy *See Government Grow* Gareth Davies,2007 When Congress endorsed substantial aid to schools in 1965 the idea that the federal government had any responsibility for public education was controversial Twenty years later not only had that controversy dissipated Washington s role in education had dramatically expanded Gareth Davies explores how both conservatives and liberals came to embrace the once daring idea of an active federal role in elementary and secondary education and uses that case to probe the persistence and growth of big government during a supposedly antigovernment era By focusing on institutional changes in government that accompanied the civil rights revolution Davies shows how initially fragile programs put down roots built a constituency and became entrenched He explains why the federal role in schools continued to expand in the post LBJ years as the reform impulse became increasingly detached from electoral politics centering instead on the courts and the federal

bureaucracy Meanwhile southern resistance to school desegregation had discredited the states rights argument making it easier for conservatives as well as liberals to seek federal solutions to social problems Although LBJ s landmark Elementary and Secondary Education Act deferred to local control the legislation of the Nixon Ford years issued directives that posed greater challenges to traditional federalism than Johnson s grand ideals As Davies shows the new political climate saw the achievement of such breakthroughs as mandated bilingual education school finance reform and the Education for All Handicapped Children Act measures that before the seventies would have been considered unthinkable by liberals as well as conservatives And when Ronald Reagan promised to abolish the Department of Education conservatives worked with liberals to derail his agenda Davies surprising study shows that the distancing of American conservatism from its anti statist traditions helped pave the way for today s big government conservatism which enabled a Republican dominated Congress to pass No Child Left Behind By revealing the endurance of Great Society values during a period of Republican ascendance his book opens a window on our political process and offers new insight into what really makes government grow
