Tradition* Joseph R. Dodson,Andrew W. Pitts,2017-10-19 Paul and the Greco Roman Philosophical Tradition provides a fresh
examination of the relationship of Greco Roman philosophy to Pauline Christianity It offers an in depth look at different
approaches employed by scholars who draw upon philosophical settings in the ancient world to inform their understanding of
Paul The volume houses an international team of scholars from a range of diverse traditions and backgrounds which opens
up a platform for multiple voices from various corridors Consequently some of the chapters seek to establish new potential
resonances with Paul and the Greco Roman philosophical tradition but others question such connections While a number of
them propose radically new relationships between Paul and GrecoRoman philosophy a few seek to tweak or modulate current
discussions There are arguments in the volume which are more technical and exegetical and others that remain more
synthetic and theological This diversity however is accentuated by a goal shared by each author to further our understanding
of Paul s relationship to and appropriation of Greco Roman philosophical traditions in his literary and missionary efforts
