John Mackinnon Robertson

Understanding Understanding:

Understanding Understanding Richard Saul Wurman, 2017 This is a book for people to dip into as they would walk in and out of the room of a dinner party and embrace their interests Before Information Architecture before the rules on how to organize information before you learn grammar before you work hard at expanding your vocabulary and go through the exercises of parallel meanings of things as using a Thesaurus and as one writes papers in class before any learning one must understand Understanding Understanding precedes the whole process of learning of giving yourself permission to understand the formations of facts data stories pictures words conversations that allow you to understand This book could be called A Celebration of Conversation or Musings with my Mentors It is about the fantasy of being the dumbest person in the room and being able to identify all the myriad connections of how others think talk explain and visualize The following is a collection of many of the most interesting idiosyncratic paths of understanding that lead to creation

Understanding, Explanation, and Scientific Knowledge Kareem Khalifa, 2017-10-05 The first comprehensive exploration of the nature and value of understanding addressing burgeoning debates in epistemology and philosophy of science

Idealism Tyron Goldschmidt, Kenneth L. Pearce, 2017 Idealism is a family of metaphysical views each of which gives priority to the mental The best known forms of idealism in Western philosophy are Berkeleyan idealism which gives ontological priority to the mental minds and ideas over the physical bodies and Kantian idealism which gives a kind of explanatory priority to the mental the structure of the understanding over the physical the structure of the empirical world Although idealism was once a dominant view in Western philosophy it has suffered almost total neglect over the last several decades This book rectifies this situation by bringing together seventeen essays by leading philosophers on the topic of metaphysical idealism The various essays explain attack or defend a variety of idealistic theories including not only Berkeleyan and Kantian idealisms but also those developed in traditions less familiar to analytic philosophers including Buddhism and Hassidic Judaism Although a number of the articles draw on historical sources all will be of interest to philosophers working in contemporary metaphysics This volume aims to spark a revival of serious philosophical interest in metaphysical idealism
