Using Pyramid Power! James Wyckoff,1976 **Pyramid Quest** Robert M. Schoch,Robert Aquinas McNally,2005-06-02
The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings **Mother Jones Magazine** ,1977-07 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues **The Psychology and Science of Pseudoscience** Terence Hines,2025-03-18 Excellent up to date book about pseudoscience and science denial with an in depth look at how human psychology promotes these problems An engaging and comprehensive critical review of a wide range of pseudoscientific topics which explores the underlying psychological factors behind paranormal and related beliefs
Pyramids and Prophecies Nakoa Rainfall,AI,2025-02-20 *Pyramids and Prophecies* explores the fascinating link between ancient pyramids and prophetic traditions across diverse cultures It examines how civilizations from Egypt to Mesoamerica associated these monumental structures with predictions and apocalyptic events Did these societies view pyramids as mere tombs or did they also believe they held keys to the future The book presents evidence suggesting pyramids were focal points for communal hopes and fears about the future reflecting deep seated anxieties and worldviews The book delves into specific prophetic narratives looking at pyramid texts in Egypt and the Mayan Long Count calendar It analyzes common themes such as cyclical destruction and messianic figures revealing shared human beliefs about time and destiny *Pyramids and Prophecies* uniquely connects Biblical Studies Prophecy with historical analysis offering alternative interpretations of ancient history and prophetic traditions without sensationalism The book unfolds systematically starting with an introduction to pyramids across cultures then exploring specific prophecies and finally analyzing common themes and their lasting influence This approach allows readers to understand how ancient prophecies can influence contemporary beliefs encouraging critical
