the world's most respected authority on English language and dictionaries. Founded on the scholarship of the renowned Oxford Dictionary Department's vast database and newly edited specifically for the U.S. by noted American lexicographer Frank Abate, this convenient volume packs a remarkable amount of information in a small package: pronunciation, definitions, syllabification, and idiomatic speech; lists of synonyms and derivative terms. Finally, *The Oxford Desk Dictionary and Thesaurus* also contains a wide range of valuable appendices from the countries of the world and the Presidents of the United States to signs and symbols, the chemical elements, weights and measures with equivalency tables, and much more. Concise and easy to use, up to date and authoritative, *The Oxford Desk Dictionary and Thesaurus* is ideal for home or office for busy executives on the go and for students of all levels. Combining an comprehensive and thoroughly reliable dictionary of American English with full thesaurus coverage, this is an essential tool for anyone who wants to write with more variety, color, and precision.

The Pocket Oxford Dictionary and Thesaurus Frank R. Abate, 1999. Rather than forcing readers to flip between the thesaurus for synonyms and the dictionary for definitions, *The Pocket Oxford Dictionary and Thesaurus* provides a unified approach, treating meanings and related words within the same entry.

The Oxford American Desk Dictionary and Thesaurus Oxford University Press Staff, Oxford University Press, Berkley Publishing Group, 2001. This authoritative and up to date edition is the only integrated book of its kind in paperback with more than 150,000 entries that include definitions, synonyms, and appendices for signs and symbols, weights and measures, and more.
