## Southern Democrats

**Robert Ellis Thompson, William  
Wilberforce Newton, Otis H. Kendall**

## **Southern Democrats:**

**Southern Democrats** Nicol C. Rae, 1994 Given the success of the all southern 1992 Clinton Gore ticket Southern Democrats is sure to command a wide audience of scholars and students of political science journalists and general readers interested in the region *Southern Democrats* Nicol C. Rae Associate Professor of Political Science Florida International University, 1994-03-29 From the election of Jimmy Carter to the wide defection of Democrats in the South to the Republican ticket in the Reagan Bush years Southern Democrats have played a crucial role in recent American national politics With the 1992 election of President Clinton they once again occupy a place at the center of the American political stage A timely examination of this important phenomenon in American politics Southern Democrats traces the history of this influential regional faction and gauges the extent and nature of Southern Democratic influence in congressional and presidential politics today Nicol Rae argues that the Southern Democrats remain a distinctive faction despite the passage of the 1965 Voting Rights Act which initiated the end of the social and economic system that had previously bound them together The only surviving political faction based on regional rather than ideological concerns they have nevertheless evolved from being a deviant element within the party to coming closer to the national Democratic norm which is most apparent in civil rights issues Drawing on interviews with many southern politicians and memoirs and accounts of past campaigns Rae deals with the success of Southern Democrat and Democratic Leadership Council leader Bill Clinton in winning the 1992 Democratic presidential nomination and reveals the changing role of Southern Democrats in internal party politics and national elections He concludes with an overall assessment of the present and future state of this important southern wing of the Democratic party

**The Dynamics of Southern Politics** Seth C. McKee, 2018-07-17 I cannot praise the author enough for rising to the challenge of providing students with an accessible trip through time to show the emergence of the one party South and how the South evolved over time Keith Lee Georgia College Taking a hard look at the changing demographics in the American South *The Dynamics of Southern Politics* discusses how this region remains exceptional while also addressing how that exceptionalism is eroding Author Seth McKee tells a historically rich story going back to the end of the Civil War tracks electoral changes to the present and explores some of the most significant components contributing to partisan change Supported by a host of detailed tables and figures this book pairs a strong historical foundation with an in depth analysis of the contemporary region *Southern Politics in State and Nation* V.O. Key, 2024-08-09 V O Key s classic work on Southern politics The author one of the nation s most astute observers drew on more than five hundred interviews with Southerners to illuminate the political process in the South and in the nation *Southern Politics in State and Nation* explains party alignments within states internal factional competition and the influence of the South upon Washington It also probes the nature of the electorate voting restrictions and political operating procedures This reprint of the original edition includes a new introduction by Alexander Heard and a profile of the author by William C Havard It remains one of the most influential books

on the subject Legislative Effectiveness in the United States Congress Craig Volden, Alan E. Wiseman, 2014-10-27 This book explores why some members of Congress are more effective than others at navigating the legislative process and what this means for how Congress is organized and what policies it produces Craig Volden and Alan E Wiseman develop a new metric of individual legislator effectiveness the Legislative Effectiveness Score that will be of interest to scholars voters and politicians alike They use these scores to study party influence in Congress the successes or failures of women and African Americans in Congress policy gridlock and the specific strategies that lawmakers employ to advance their agendas **The Lawyer & Banker and Southern Bench & Bar Review** Charles E. George, 1918 **Manufacturers Record**, 1929 **The United States** James Wilford Garner, Henry Cabot Lodge, 1913 *Abraham Lincoln, 1809-1858* Albert Jeremiah Beveridge, 1928 **SOME ACTIVITIES OF THE CONGREGATIONAL CHURCH WEST OF THE MISSISSIPPI** Lois Kimball Mathews Rosenberry, 1910 *Essays in American history*, 1910 The Protectionist, 1917 A monthly magazine of political science and industrial progress **Home Market Bulletin**, 1915 **The Two Majorities and the Puzzle of Modern American Politics** Byron E. Shafer, 2003 Where did the Era of Divided Government come from What sustains split partisan control of the institutions of American national government year after year Why can it shift so easily from Democratic or Republican presidencies coupled with Republican or Democratic Congresses How can the vast array of issues and personalities that have surfaced in American politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time These big questions constitute the puzzle of modern American politics The old answer a majority and a minority party plus dominant and recessive public issues will not work in the Era of Divided Government Byron Shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on American politics provides a convincing new answer that has three major elements These elements in combination not divided government as a catch phrase are the real story of politics in our time The first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities The old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns The second element can be seen in the behavior of political parties and party activists whose own preferences don't match those of the general public That public remains reliably left of the active Republican Party on economic and welfare issues and reliably right of the active Democratic Party on cultural and national concerns The third crucial element is found in an institutional arrangement the distinctively American matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out In the first half of the book Shafer examines how dominant features of the Reagan first Bush Clinton and second Bush administrations reflect the interplay of these three elements Recent policy conflicts and institutional combatants in Shafer's analysis illuminate this new pattern of American politics In the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical

and institutional framework In this light modern American politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time **Collier's** ,1911 **The Penn Monthly** ,1877 **Penn Monthly** Robert Ellis Thompson,William Wilberforce Newton,Otis H. Kendall,1877 A Study in Individual Voting, 1852-1876 Kathryn C. Mykel,1922 Cyclopaedia of Political Science, Political Economy, and of the Political History of the United States John Joseph Lalor,1884 **Semi-centennial History of Nebraska** Addison Erwin Sheldon,1904
