The Cookout Kali J. N. S,2022-09-29 When I was younger I used to love watching cooking shows on TV My favorite was always the one where the host would travel to different parts of the world and learn about the local cuisine I loved seeing all the different ingredients and how they were used in each dish But what I really loved was hearing about the culture behind the food Speaking of culture Soul food was created by Black Americans and many of these dishes are more than just a meal It s a way of life It s a way of connecting with family and friends of sharing one s culture That s why I decided to create this cookbook I wanted to share my love of soul food and culture with Black Americans I also created this cookbook to share some of my favorite recipes in TUT language to help preserve our culture TUT language was created by Black Americans Freedman American Indian FBA ADOS DOAS Aboriginals during the 18th century TUT is important to Black American culture because it is a way to communicate our history experiences and values It is also a way to connect with our heritage Gloria McIlwain published the first book on the TUT language This book is important because it helped to preserve culture and communication McIlwain s book is a valuable resource for those interested in learning more about the TUT language Her book has been published in American Speech journal of the American Dialect Society which is edited and published at Duke University and the San Jose Mercury News

Thank you for your interest in learning more about the TUT language I hope that this cookbook will help you to connect with our culture This book is not an exhaustive list of Black American soul food I only included what I grew up seeing cooked or cooked myself We have our own way of cooking our vegetables meats and starches We also created many entrees and desserts We must always remember how special we are and value our food language and our essence I hope that by reading this book you ll not only learn how to make some delicious dishes but also gain a better understanding of the culture behind them I hope you enjoy it Love Kali J N S
