To Love and To Serve Brian O'Leary, 2021-02-28 Brian O'Leary an Irish Jesuit has been researching and writing on Ignatian spirituality since the 1970s Over that period he has authored five books the last of which God Ever Greater 2018 was a selection of his lectures and talks His new offering To Love and To Serve is also a selection this time of essays that have appeared in spirituality journals in a number of countries Since these are not easily accessible O'Leary made the decision to gather together the best of his work in this genre into one book so making that work more widely available The essays vary considerably in content purpose and style Some are short and aimed at a popular readership others tend to be more academic or written with practitioners of Ignatian spirituality in mind All are eminently readable and display great clarity of style Ignatian spirituality is most commonly associated with the Spiritual Exercises Consequently these figure largely in O'Leary's writings However the Exercises do not represent the totality of Ignatian spirituality and so there are a number of pieces on the Jesuit Constitutions a spiritual classic that is surprisingly relevant outside its original context The Constitutions are frequently quoted today in the context of spiritual formation and of leadership And then there is spiritual direction is there a specifically Ignatian model of this ministry There are also intriguing questions around St Ignatius Loyola himself perhaps most of all around his mysticism And what would such mysticism look like if lived out in the post modern world The range of topics is remarkable *Judicial and Statutory Definitions of Words and Phrases*, 1928 *Spiritual Warfare: Rules of Engagement* Ron Hordyk, 2015-01-14 For though we live in the world we do not wage war as the world does The weapons we fight with are not the weapons of the world On the contrary they have divine power to demolish strongholds 2Cor 10:3-4 Today the church has neglected to teach about the spiritual realm for fear of being judged archaic It has denied a key Scriptural truth that the whole world is under the control of Satan The church has forgotten that angels were created to serve God's people It has also rejected the authority Christians have as ambassadors of Christ Finally the church has sacrificed its power to impact the world in order to gain credibility with the world People have chosen the religion of science Consequently if science and Scripture disagree even people within the church believe science to be the truth There are three main pillars in science observable repeatable and irrefutable Any scientific fact must fulfill these pillars to be presumed true Since the spiritual realm is invisible and not observable science deems that this realm does not exist When the spiritual realm manifests itself in an event science excuses the anomaly to be something they have yet to understand The Scriptures teach that Christians have overcome sin Satan and the world Through the Holy Spirit we can discern both the spiritual realm's presence and its activities We are not called to be demon slayers but we are called to engage the enemy in order to bring freedom and wholeness to people The Bible teaches that a war exists between Satan's kingdom and God's kingdom Every war has Rules of Engagement The purpose of this book is to identify the spiritual realm recognize its methods of operation and ultimately learn the rules that enable us to effectively engage our enemy Satan **Revised Statutes of**
