To The Castle:

To the Castle Dorothea Malm, 1957 Modern Gothic romance about a young girl and a French duke in the somber surroundings of the ancestral chateau *Into the Castle* June Crebbin, 1997 Could it be true Does a monster still live in the old stone castle Could someone or something be hiding in the shadows Are you brave enough to come along and find out With illustrations as tantalizing as the text and a cleverly disguised lesson in prepositions June Crebbin and John Bendall Brunello keep readers on the edge of their seat in this deliciously scary story **Going to the Castle** Nicole Burnham, 2012-06-15 ONCE UPON A TIME Jennifer Allen had come to save refugees not to be swept away by some pampered fairy tale prince of neighboring San Rimini It was only when she saw the passion and caring behind Antony's glittering presence that she let herself dream of finding a place in his life Prince Antony di Talora had wealth power everything a man could ask for except someone special to share it with No woman had ever truly touched his heart until he met a beautiful spirited young American and knew his privileged world would never be the same But could a man and woman from two different worlds really live happily ever after *Which say to the castle?* Jocelyne Precious, 1992 **Keys to the Castle** Lisa Thompson, 2007 **Call to the Castle** Norrey Ford, 1974 *Paterson's guide-book to the Rhine and its provinces* John Merrylees, William Paterson (publisher, Edinburgh.), 1900 *A Guide to the Medieval Castles of England* Malcolm Hislop, 2024-03-31 This is a well illustrated expert guide to the castles of England providing concise accounts of what remains to be seen at each site Spread across the medieval kingdom of England in a network of often formidable strongholds castles like cathedrals are defining landmarks of their age dominating their settings in many cases even to this day By representing an essential aspect of our history and heritage the interpretation of which is constantly being revised they demonstrate the value of Malcolm Hislop's compact authoritative and well illustrated new guide to English castles The gazetteer includes an astonishing variety of types sizes and designs Individual entries bring out the salient points of interest including historical context building history and architectural character The defensive and domestic purposes of these remarkable buildings are explained as is the way in which their layout and role developed over the course of hundreds of years from the predominantly earth and timber fortresses of the Normans to the complex stone castles of the later Middle Ages many of which can be visited today Hislop's experience as an archaeologist specializing in medieval buildings castles in particular as well as his eye for structural detail ensure that his guide is a necessary handbook for readers who are keen on medieval history and warfare and for visitors who are looking for an accessible introduction to these monumental relics of England's military past *Crusader Art in the Holy Land, From the Third Crusade to the Fall of Acre* Jaroslav Folda, 2005-09-05 Publisher Description **A handbook for East-Bourne and Seaford, and the neighbourhood** George Frederick Chambers, 1879 *Stories from Froissart* Jean Froissart, 1899 *Autobiography of John Macoun* John Macoun, 1922 **History of England from the Fall of Wolsey to the Death of Elizabeth** James Anthony Froude, 1881 **The Journal of the Royal**
