## Via Mala:

*Nazi Cinema as Enchantment* Mary-Elizabeth O'Brien, 2006 The Nazi regime did not merely terrorize its citizens into submission it also seduced them by offering stability a traditional value system a sense of belonging and hope of a better standard of living Nazi cinema's popularity rested on its ability to express positive social fantasies and promote the enchantment of reality so that one would want to share in the dream at any price This is an interdisciplinary study written for scholars and students in the fields of film studies German studies history critical studies and political science that explores how cinema participated in the larger framework of everyday fascism The book examines how five film genres the historical musical the foreign adventure film the home front film the melodrama and the problem film enchanted audiences and enacted shared stories that can tell us much about how family community history the nation and the war were imagined in Nazi Germany The book analyzes thirteen motion pictures many of which are not well known to English speaking audiences Wunschkonzert Die große Liebe Tanz auf dem Vulkan Damals Die Degenhardts Opfergang Kautschuk Robert und Bertram Verklungene Melodie Frauen für Golden Hill Das Leben kann so schön sein Der verzauberte Tag and Via Mala Based on exhaustive research in German archives the book examines in addition to the films themselves articles from the propaganda ministry's official organ *Der deutsche Film* daily trade sheets fan magazines and even studio press packages for individual stars and films Mary Elizabeth O'Brien is Professor of German at Skidmore College Saratoga Springs New York

**The Stechlin** Theodor Fontane, 1995 Theodor Fontane 1819-98 widely regarded as Germany's most significant novelist between Goethe and Thomas Mann pioneered the German novel of manners and upper class society following a trend in European fiction of the period The Stechlin is Fontane's last book and his political testament Like *Effi Briest* his great work on the place of women in Bismarck's empire it is set at the apex of the Wilhelmine era both in Berlin and on the estate of a Prussian Junker on the shores of Lake Stechlin It is a significant historical and cultural document probably the finest chronicle of the life style of the German upper classes in the late nineteenth century Fontane portrays the best in the life and ways of the passing Prussian aristocrats while describing his hopes for the future of Germany and its nobility which were never to be fully realized Although this novel has been translated into many languages it has never before been available in English this edition thus fills an important gap in the significant works of European literature accessible to English readers
