Victorian Poets

Matthew Bevis

Victorian Poets:

Victorian Poets Valentine Cunningham, 2014-01-13 Victorian Poets A Critical Reader features a collection of critical essays focusing on various aspects of Victorian era poetry from the 1830s to the 1890s Presents key criticism on Victorian poetry Features contributions from a variety of scholars in the field Illustrates the full range of critical approaches to the Victorian poets including attention to texts words forms modes and sub genres Offers fresh reinterpretations many driven by contemporary ideological interests including gender questions selfhood and body issues *Victorian Poetry* Laurence W. Mazzeno, 1995 Provides annotations to critical commentaries for more than eighty of the most widely read and taught poems by major and minor Victorian figures A Companion to Victorian Poetry Ciaran Cronin, 2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter **The Major Victorian Poets: Reconsiderations (Routledge Revivals)** Isobel Armstrong, 2013-06-17 First published in 1969 this edition collection brings together a series of essays offering a re evaluation of Victorian poetry in the light of early 20th Century criticism The essays in this collection concentrate upon the poets whose reputations suffered from the great redirection of energy in English criticism initiated in this century by Eliot Richards and Leavis What these poets wrote about the values they expressed the form of the poems the language they used all these were examined and found wanting in some radical way One of the results of this criticism was the renewal of interest in metaphysical and eighteenth century poetry and corresponding ebb of enthusiasm for Romantic poetry and for Victorian poetry in particular Most of the essays in this book take as their starting point questions raised by the debate on Victorian poetry both earlier in this century and in the more recent past There are essays on the poetry of Tennyson Browning and Arnold on that of Clough who until recently has been neglected and Hopkins because of rather than in spite of the fact that he is usually considered to be a modern poet The volume is especially valuable in that it will give a clearer understanding of the nature of Victorian poetry concentrating as it does on those areas of a poet's work where critical discussion seems most necessary The Major Victorian Poets Isobel Armstrong, 2013 First published in 1969 this edition collection brings together a series of essays offering a re evaluation of Victorian poetry in the light of early 20th Century criticism The essays in this collection concentrate upon the poets whose reputations suffered from the great redirection of energy in English criticism initiated in this century by Eliot Richards and Leavis What these poets wrote about the values they expressed the form of the poems the language they used all these were examined and found wanting in some radical

way One of the results of this criticism was the renewal of interest in metaphysical and eighteenth century poetry and corresponding ebb of enthusiasm for Romantic poetry and for Victorian poetry in particular Most of the essays in this book take as their starting point questions raised by the debate on Victorian poetry both earlier in this century and in the more recent past There are essays on the poetry of Tennyson Browning and Arnold on that of Clough who until recently has been neglected and Hopkins because of rather than in spite of the fact that he is usually considered to be a modern poet The volume is especially valuable in that it will give a clearer understanding of the nature of Victorian poetry concentrating as it does on those areas of a poet s work where critical discussion seems most necessary *Victorian Poets* Harold Bloom,2011 A literary criticism of several prominent Victorian era poets **Ten Victorian Poets** Frank Laurence Lucas,1966 *The Greater Victorian Poets* Thomas R. Lounsbury,1901 **Victorian Poets** Edmund Clarence Stedman,1887 Victorian Poets and Prose Writers ,1977 **The Oxford Handbook of Victorian Poetry** Matthew Bevis,2013-10-31 I am inclined to think that we want new forms as well as thoughts confessed Elizabeth Barrett to Robert Browning in 1845 The Oxford Handbook of Victorian Poetry provides a closely read appreciation of the vibrancy and variety of Victorian poetic forms and attends to poems as both shaped and shaping forces The volume is divided into four main sections The first section on Form looks at a few central innovations and engagements Rhythm Beat Address Rhyme Diction Syntax and Story The second section Literary Landscapes examines the traditions and writers from classical times to the present day that influence and take their bearings from Victorian poets The third section provides Readings of twenty three poets by concentrating on particular poems or collections of poems offering focused nuanced engagements with the pleasures and challenges offered by particular styles of thinking and writing The final section The Place of Poetry conceives and explores place in a range of ways in order to situate Victorian poetry within broader contexts and discussions the places in which poems were encountered the poetic representation and embodiment of various sites and spaces the location of the Victorian alongside other territories and nationalities and debates about the place and displacement of poetry in Victorian society This Handbook is designed to be not only an essential resource for those interested in Victorian poetry and poetics but also a landmark publication provocative seminal volume that will offer a lasting contribution to future studies in the area **Victorian Poets** Edmund Clarence Stedman,1888 **Victorian Poets and the Changing Bible** Charles LaPorte,2011-11-17 *Victorian Poets and the Changing Bible* charts the impact of post Enlightenment biblical criticism on English literary culture The eighteenth and nineteenth centuries saw a widespread reevaluation of biblical inspiration in which the Bible s poetic nature came to be seen as an integral part of its religious significance Understandably then many poets who followed this interpretative revolution including Alfred Lord Tennyson Robert Browning and Elizabeth Barrett Browning came to reconceive their highest vocational ambitions if the Bible is essentially poetry then modern poetry might perform a cultural role akin to that of scripture This context equally illuminates the aims and achievements of famous Victorian unbelievers such as Arthur Hugh Clough and

George Eliot who also responded enthusiastically to the poetic ideal of an inspired text Building upon a recent and ongoing reevaluation of religion as a vital aspect of Victorian culture Charles LaPorte shows the enduring relevance of religion in a period usually associated with its decline In doing so he helps to delineate the midcentury shape of a literary dynamic that is generally better understood in Romantic poetry of the earlier part of the century The poets he examines all wrestled with modern findings about the Bible s fortuitous historical composition yet they owed much of their extraordinary literary success to their ability to capitalize upon the progress of avant garde biblical interpretation This book s revisionary and provocative thesis speaks not only to the course of English poetics but also to the logic of nineteenth century literary hierarchies and to the continuing evolution of religion in the modern era Victorian Literature and Culture Series *Three Victorian Poets* Jane Ogborn,1998-07-30 But who hath seen her wave her hand Or at the casement seen her stand Or is she known in all the land The Lady of Shalott Alfred Lord Tennyson Elizabeth Barrett and Robert Browning are the three nineteenth century poets explored in this collection The mixture of complete poems and extracts introduces readers to the variety of narrative and lyric work which forms an important part of the English literary heritage This edition aims to help the exploration of the qualities which made these poets popular during the reign of Queen Victoria transporting readers to a world of romance myth and fantasy Cambridge Literature is a series of study texts which presents writing in the English speaking world from the 16th century up to the present day The series includes novels drama short stories poetry essays and other types of non fiction Each edition has the complete text with an appropriate glossary The student will find in each volume a helpful introduction and a full section of resource notes encouraging active and imaginative study methods

Poet Lore ,1896 , **The New York Times Guide to Essential Knowledge, Second Edition** The New York Times,2007-10-30 Introducing a comprehensive update and complete revision of the authoritative reference work from the award winning daily paper this one volume reference book informs educates and clarifies answers to hundreds of topics

History of English Literature Reuben Post Halleck,1900 *Reader's Guide to Literature in English* Mark Hawkins-Dady,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company **Victorian Poets** Edmund Clarence Stedman,1887
