*Yankee Samurai* Joseph Daniel Harrington, 1979 Author Joseph D Harrington has written an informative and insightful history of the Nisei Second generation Japanese Americans working for the U S armed forces in the Pacific during World War II This is no whitewashed narrative as it exposes U S internment camps prejudices and the frustrations of patriotic Japanese Americans who wanted to fight for their country but were initially rebuffed As the book relates not all Nisei were in favor of fighting and even those that did encountered another kind of prejudice at first from Hawaiian born Nisei who more than occasionally felt that continental Japanese Americans just didn t measure up linguistically speaking Like other children of immigrants the Nisei were to a large extent caught between Japanese tradition and U S culture The concept of honor an essential element in Japanese American family life ended up serving U S military interests well The author has done an outstanding job of uncovering names and telling little known stories Especially fascinating are the ones that describe the analytical acumen of Nisei translators

**Nisei Soldiers Break Their Silence** Linda Tamura, 2012-12-15 *Nisei Soldiers Break Their Silence* is a compelling story of courage community endurance and reparation It shares the experiences of Japanese Americans Nisei who served in the U S Army during World War II fighting on the front lines in Italy and France serving as linguists in the South Pacific and working as cooks and medics The soldiers were from Hood River Oregon where their families were landowners and fruit growers Town leaders including veterans groups attempted to prevent their return after the war and stripped their names from the local war memorial All of the soldiers were American citizens but their parents were Japanese immigrants and had been imprisoned in camps as a consequence of Executive Order 9066 The racist homecoming that the Hood River Japanese American soldiers received was decried across the nation Linda Tamura who grew up in Hood River and whose father was a veteran of the war conducted extensive oral histories with the veterans their families and members of the community She had access to hundreds of recently uncovered letters and documents from

private files of a local veterans group that led the campaign against the Japanese American soldiers This book also includes the little known story of local Nisei veterans who spent 40 years appealing their convictions for insubordination Watch the book trailer <http://www.youtube.com/watch?v=hHMcFdmixLk> Yankees and Samurai Foster Rhea Dulles,1965 *Whose Business Values?* Sally Steward,Gabriel Donleavy,1995-09-01 This book is about the ethical issues arising in the course of business especially those affecting people working in Asia Each chapter offers a different perspective and the positions taken vary greatly from one writer to another This book has been produced under the auspices of the University of Hong Kong's Centre for the Study of Business Values and the various perspectives within this volume well reflect the variety of viewpoints expressed by people who participate in the Centre's activities It is intended to be read by business people and business students alike and would fit well into international business courses anywhere in the world East Asia is a particular focus of many of the chapters but global ecological concerns are also addressed **Defender of the Gate** Erwin N.
