The Creators:

The Creators May Sinclair, 2004-11-30 May Sinclair's *The Creators* is a study of a group of writers and would-be writers and their struggles and accommodations within the literary marketplace. It deals with the trials and tribulations of literary celebrity and with lack of recognition. It also focuses on the doubts and self-divisions of the artist and on his or her battles with conventional gender roles. The novel's subtitle, a comedy, puzzled some of its first readers and reviewers. The TLS speculated that the comedy must lie in that fact that the creators believe that they are geniuses. Sinclair does not take her characters as seriously as they take themselves, but her social comedy also exposes the limitations of the conventional middle-class world which either exploits or fails to understand them. First serialized in the *Century Illustrated Monthly Magazine* between November 1909 and October 1910, *The Creators* was first published in book form by John Constable in 1910. This edition restored the numerous and extensive cuts that were made to Sinclair's manuscript during the process of the novel's serialization.

The Creators Daniel R Hogan Jr, 2020-06-01 Before the Moon was in place, Before the Earth had cooled, They came *The Creators* to harvest the early Earth and impact with mankind the humans. Molding and manipulating humanity to the chagrin of the First Ones. It was left to a modern-day Adam and Eve to right their wrong. Creators First Ones Ancient Ones Lunar Ones contributed to an ever-changing developing world and its primary lifeform, the humans. Free will was to dominate and all was to yield to the One and Only Creator of all.
