Ww2 War Is Hell:

One Hell of a War Dean Dominique, James Hayes, 2014-05-15 If you liked *Band of Brothers* you will love *One Hell of a War* Nominated for the 2014 Pulitzer Prize and the Library of Virginia Literary Award *One Hell of a War* is a fascinating blend of firsthand accounts and the strategic decisions that led to them based on the history of the 317th Infantry Regiment from its initial activation in World War II through the end of the war This book has all the elements everyone loved in *Band of Brothers* with the added integration of the strategic leadership decisions of Patton Bradley and Eisenhower Most interestingly it contains well written and thought provoking excerpts of the late Colonel James Hayes who served with the regiment during its entire wartime service The history books do not say a great deal about the 317th Infantry Regiment of the 80th Infantry Division in WWII However it was a regiment that accomplished rather startling results first bridgehead across the Moselle cleared out La Grande Couronne de Nancy participated in the capture of Metz the first time in history that the fort had ever fallen to an assault and of course participated in the Battle of the Bulge as one of the first regiments to arrive in the area after the German assault had broken the line It suffered extremely severe casualties and contained some of the best men ever known What others are saying about *One Hell of a War* Trust me when you reach the section about the fighting and cold weather during the Battle of the Bulge you ll want to put on a coat it s that good Alexander Barnes In *A Strange Land The American Occupation Of Germany 1918 1923* Dean does a masterful job of weaving the personal accounts into the historical context of the major operations With so few WWII veterans left books like these are valuable resources Rich Killblane *The Filthy Thirteen From the Dustbowl to Hitler s Eagle s Nest The 101st Airborne s Most Legendary Squad of Combat Paratroopers* Dean Dominique s new book *One Hell of a War* knocks it out of the ballpark and is one of the best books I ve read It is as close to the action as you can get remarkable brave and courageous as he leads you through the 317th s footsteps in WWII from the beginning to the end You won t be able to put it down Andrew Z Adkins III *You Can t Get Much Closer Than This Combat with Company H 317th Infantry Regiment* A portion of the proceeds will be donated to programs that directly support Wounded Warriors www.woundedwarriorpublications.com WW2 - War Is Hell Milton A. Rhea, 2004-02 The life of a sailor experiencing the horrors and exciting times that accompany life aboard ship during WWII in the Pacific *Hellships Down* Michael Sturma, 2021-03-18 On 12 September 1944 a wolfpack of U S submarines attacked the Japanese convoy HI 72 in the South China Sea Among the ships sunk were two carrying Allied prisoners of war Men who had already endured the trials of Japanese captivity faced a renewed struggle for survival at sea This book tells the broader story of the HI 72 convoy through the stories of two survivors Arthur Bancroft who was rescued by an American submarine and Charles Rowley Richards who was rescued by the Japanese The story of these men represents the thousands of Allied POWs who suffered not only the atrocious conditions of these Japanese hellships but also the terror of friendly fire from their own side s submarines For the first time the personal political and legal aftermath of these men s experiences is fully detailed

At its heart this is a story of survival Charting the survivors fates from rescue to their attempts at retribution this book reveals the trauma that continued long after the war was over *Hell's Highway* Tim Saunders,2009-05-18 This WWII history and battleground guide offers a fascinating look at the vital and infamous stretch of road through the Netherlands After the Allied victory at Normandy Operation Market Garden was intended to cut a path to Germany through the Netherlands Essential to the plan was a two lane road that came to be known as Hell s Highway This was the route that the British 3rd Guards Armored Division had to advance down rapidly to relieve the American Paratroopers of the 82d Airborne at Nijmegen and the British I st Airborne Division at Arnhem Beginning with the famous capture of Joe s Bridge by the Irish Guards an essential preliminary action before the start of Operation Market Garden historian Tim Saunders guides visitors through the seizure of bridges the liberation of small towns and other actions undertaken by the famous Screaming Eagles With vivid personal accounts throughout this guide features practical visitor information about monuments and other important sites *Genocide, Mass Atrocity, and War Crimes in Modern History* James Larry Taulbee,2017-02-06 Defining genocide as an international crime this two volume set provides a comparative study of historical cases of genocide and mass atrocity clearly identifying the factors that produced the attitudes and behaviors that led to them discusses the reasons for rules in war and examines how the five principles laid out in the Geneva Conventions and other international agreements have functioned in modern warfare Written by an expert on international politics and law *Genocide Mass Atrocity and War Crimes in Modern History* Blood and Conscience is an easy to understand resource that explains why genocides and other atrocities occur why humanity saw the need to create rules that apply during war and how culture rules about war and the nature of war intersect The first volume addresses the history and development of the normative regime s that define genocide and mass atrocity Through a comparative study of historical cases that pay particular attention to the factors involved in producing the attitudes and behaviors that led to the incidents of mass slaughter and mistreatment the author identifies the reasons that genocides and mass atrocities in the 20th century were largely ignored until the early 1990s and why even starting then responses were inconsistent The second book discusses why rules in war exist which factors may lead to the adoption of rules what defines a war crime and how the five fundamental principles laid out in the Geneva Conventions and other international agreements have actually functioned in modern warfare It also poses and answers the interesting question of why we should obey rules when our opponents do not The final chapter examines what actions could serve to identify future situations in which mass atrocities may occur and identifies the problems of timely humanitarian intervention in international affairs *The World War II Combat Film* Jeanine Basinger,2003-05-15 A reading of the World War II combat film Discussing over 1000 movies Jeanine Basinger covers the key examples of the genre and uses them to define the meaning of genre itself This updated edition contains a new introduction a new chapter on Saving Private Ryan and an updated filmography [The Soldier's Truth](#) David Chrisinger,2023-05-30 Named a best book of 2023 by Booklist A beautiful

reckoning with the life and work of the legendary journalist Ernie Pyle who gave World War II a human face for millions of Americans even as he wrestled with his own demons At the height of his fame and influence during World War II Ernie Pyle's nationally syndicated dispatches from combat zones shaped America's understanding of what the war felt like to ordinary soldiers as no writer's work had before or has since From North Africa to Sicily from the beaches of Anzio to the beaches of Normandy and on to the war in the Pacific where he would meet his end Ernie Pyle had a genius for connecting with his beloved dogfaced grunts A humble man himself plagued by melancholy and tortured by marriage to a partner whose mental health struggles were much more acute than his own Pyle was in touch with suffering in a way that left an indelible mark on his readers While never defeatist his stories left no doubt as to the heavy weight of the burden soldiers carried He wrote about post traumatic stress long before that was a diagnosis In *The Soldier's Truth* acclaimed writer David Chrisinger brings Pyle's journey to vivid life in all its heroism and pathos Drawing on access to all of Pyle's personal correspondence his book captures every dramatic turn of Pyle's war with sensory immediacy and a powerful feel for both the outer and the inner landscape With a background in helping veterans and other survivors of trauma come to terms with their experiences through storytelling Chrisinger brings enormous reservoirs of empathy and insight to bear on Pyle's trials Woven in and out of his chronicle is the golden thread of his own travels across these same landscapes many of them still battle scarred searching for the landmarks Pyle wrote about A moving tribute to an ordinary American hero whose impact on the war is still too little understood and a powerful account of that war's impact and how it is remembered *The Soldier's Truth* takes its place among the essential contributions to our perception of war and how we make sense of it
