## **X Craft Raid:**

Tirpitz in Norway Angus Konstam,2019-11-28 In September 1943 under the cover of darkness six British midget submarines crept into the heart of enemy territory penetrating a heavily guarded Norwegian fjord in an attempt to eliminate the threat of the powerful German battleship the Tirpitz Numerous previous attempts to attack the ship from both air and sea had failed and this mission was carefully strategized and undertaken by skilled operatives who had undergone extensive training in an isolated sea loch Though five of the six X Craft submarines were either lost or captured two crews had just enough time to lay their explosive charges which detonated after they were forced to the surface putting the Tirpitz out of action for a crucial six month period Masterminded from a top secret naval headquarters on the east coast of Scotland Operation Source has been memorialised as one of the most daring naval raids of World War II This new study tells the complete story of this epic operation in unparalleled detail supported by full colour illustrations and contemporary photography The X-craft Raid Thomas Gallagher,1971 Recreates the successful attempts of British midget submarines to destroy the German battleship Tirpitz stationed in the fjords of Norway during World War II *Spec Ops* William H. McRaven,2009-02-04 Vice Adm William H McRaven helped to devise the strategy for how to bring down Osama bin Laden and commanded the courageous U S military unit that carried it out on May 1 2011 ending one of the greatest manhunts in history In *Spec Ops* a well organized and deeply researched study McRaven analyzes eight classic special operations Six are from WWII the German commando raid on the Belgian fort Eben Emael 1940 the Italian torpedo attack on the Alexandria harbor 1941 the British commando raid on Nazaire France 1942 the German glider rescue of Benito Mussolini 1943 the British midget submarine attack on the Tirpitz 1943 and the U S Ranger rescue mission at the Cabanatuan POW camp in the Philippines 1945 The two post WWII examples are the U S Army raid on the Son Tay POW camp in North Vietnam 1970 and the Israeli rescue of the skyjacked hostages in Entebbe Uganda 1976 McRaven who commands a U S Navy SEAL team pinpoints six essential principles of spec ops success simplicity security repetition surprise speed and purpose For each of the case studies he provides political and military context a meticulous reconstruction of the mission itself and an analysis of the operation in relation to his six principles McRaven deems the Son Tay raid the best modern example of a successful spec op which should be considered textbook material for future missions His own book is an instructive textbook that will be closely studied by students of the military arts Maps photos *Chamber Divers* Rachel Lance,2024-04-16 The previously classified story of the eccentric researchers who invented cutting edge underwater science to lead the Allies to D Day victory In August 1942 more than 7 000 Allied troops rushed the beaches of Normandy France in an all but forgotten landing Only a small fraction survived unscathed It was two summers before D Day and the Allies realized that they were in dire need of underwater intelligence if they wanted to stand a chance of launching another beach invasion and of winning the war Led by the controversial biologists J B S Haldane and Dr Helen Spurway an ingenious team of ragtag scientists worked out of

homemade labs during the London Blitz Beneath a rain of bombs they pioneered thrilling advances in underwater reconnaissance through tests done on themselves in painful and potentially fatal experiments Their discoveries led to the safe use of miniature submarines and breathing apparatuses which ultimately let the Allies take the beaches of Normandy Blast injury specialist Dr Rachel Lance unpacks the harrowing narratives of these experiments while bringing to life the men and women whose brilliance and self sacrifice shaped the outcome of the war including their personal relationships with one another and the ways they faced skepticism and danger in their quest to enable Allied troops to breathe underwater The riveting science leading up to D Day has been classified for generations but Chamber Divers finally brings these scientists stories and their heroism to light [Tirpitz Daniel Knowles,2018-04-17](#) [Australia's Dambusters Colin Burgess,2021-07-07](#) A truly comprehensive account of 617 Squadron RAF who carried out one of the most dangerous and audacious aerial bombing raids of World War II It was the evening of 16 May 1943 Nineteen modified Lancaster bombers from 617 Squadron RAF under the command of youthful Wing Commander Guy Gibson roared into the night sky from their Lincolnshire base They were on a top secret Bomber Command mission codenamed Operation Chastise now regarded as one of the most dangerous and audacious bombing raids of World War II an attack on the formidable well defended dams of Germany s Ruhr Valley Slung beneath the belly of each aircraft was one of the war s greatest secrets a bouncing bomb Against the odds and flying straight and level into the teeth of terrifying enemy fire they succeeded in breaching the two principal dams Many of the 133 airmen involved that fateful night hailed from Australia and several would be counted among the 56 who would not return to base next morning The Dams Raid led to the men of this gallant company often referred to as a suicide squadron taking on even more hazardous operations in the final two years of the war Under valorous leadership and now armed with massive Tallboy and Grand Slam earthquake bombs they obliterated vital Nazi installations destroying such defiant targets as the heavily defended Kembs Barrage and the German battleship Tirpitz often at a terrible cost in lives First published in 2003 this deeply researched revised and updated edition of Australia s Dambusters offers a truly comprehensive account of the most famous bombing raid of the war through the words and stories of the courageous Australian airmen and others who flew on this and later perilous missions remembered and forever immortalised as the Dambusters [Book Review Index](#) ,1974 Every 3rd issue is a quarterly cumulation [Through a Canadian Periscope Julie H. Ferguson,2014-03-10](#) A colourful and well researched account of Canada s submarine service from its beginnings on the first day of the First World War to its uncertain future today Ferguson details the careers of the Canadians who served in British submarines in all theatres of the Second World War then goes on to examine the modern era **Warship International** ,1973 **Heroes of World War II** Robin Cross,1997 From Europe to the Pacific here is a collection of 50 gripping accounts of courage on land at sea and in the air from both the Allied and Axis points of view Illustrated with 200 b w photos and maps many seldom seen [AB Bookman's Weekly](#) ,1997 [The Publishers Weekly](#) ,1974 [Library Journal](#) ,1982 **Library**
