## Spring Sonata:

The Beethoven Violin Sonatas Lewis Lockwood, Mark Kroll, 2004 Lewis Lockwood and Mark Kroll's volume *The Beethoven Violin Sonatas* is the first scholarly book in English devoted exclusively to the Beethoven sonatas and deals with them in unprecedented depth. Serving readers, listeners, and performers as a companion to the sonatas, it presents seven critical and historical essays by some of the most important American and European Beethoven specialists of our time.

**The Sonic Self** Naomi Cumming, 2000 Semioticians began by looking at literature but have gradually applied their techniques to other disciplines including music. The late Naomi Cumming based this consideration of the sources of musical expression on her experiences as a performer with interesting if rarely surprising results. Choice Using classical violin music as her principal laboratory, the author examines how a performance incorporates distinctive features not only of the work but of the performer as well and how the listener goes about interpreting not only the composer's work and the performer's rendering of the work but also of the performer's and listener's identities. A richly interdisciplinary approach to a very common yet persistently mysterious part of our lives.

**Chamber Music** Lucy Miller Murray, 2015-04-09 In *Chamber Music: An Extensive Guide for Listeners*, Lucy Miller Murray transforms her decades of program notes for some of the world's most distinguished artists and presenters into the go-to guide for the chamber music novice and enthusiast. Offering practical information on the broad array of chamber music works from the Classical, Romantic, and Modern periods and an artful selection from the Baroque period of Johann Sebastian Bach's works, *Chamber Music: An Extensive Guide for Listeners* is both the perfect reference resource and chamber music primer for listeners. Covering over 500 works, Murray surveys in clear and simple language the historical and musical impact of some 130 composers, 20 of them living. Notably, *Chamber Music* includes the complete string quartets of Beethoven, Bartok, and Shostakovich, as well as 35 piano trios of Haydn. It also provides critical information and assessments of works by composers not nearly so well known, both past and present. Entries appear in alphabetical order by composer and in every instance give a brief introduction to the composer's life and work. Of particular interest are the brief spotlight contributions from well-known figures in the chamber music world who focus on the performance experience or offer special knowledge of the works. This work is an ideal introduction and reference for students and scholars, new listeners, and enthusiasts of the chamber music tradition in Western music. Special contributors include Charles Abramovic, James Bonn, Michael Brown, Eugene Drucker, James Dunham, Daniel Epstein, Ralph Evans, Jeremy Gill, Jake Heggie, Paul Katz, Bert Lucarelli, Stuart Malina, Robert Martin, Peter Orth, Jann Pasler, Susan Salm, David Shifrin, Peter Sirotn, Ya Ting Chang, Arnold Steinhardt, Kenneth Woods, David Yang, Phillip Ying.

[Hillsyde Dew](#) Nelle Merrill, 1929. *100 Hits of Classical Music* Robert Ginalski, 2021-09-30. Do you know the stories behind how the greatest hits of classical music were created? Robert Ginalski discovers the secrets behind world-famous melodies. Even if you're not a classical music lover, you will get carried away by

stories that break with the perceived stereotypes of classical music The reader friendly style anecdotes and references to popular culture will rekindle the charm of the classics for you Bach Prokofiev Mozart and Tchaikovsky are all given the author s special attention By the end of the book you will realise that classical music is much more than what your music teacher told you in school Better known for his work as a translator 100 Hits of Classical Music is Robert Ginalski s debut as an author Ginalski perfected his craft as a writer by translating the works of Frederick Forsyth and Alistair MacLean **The Strad** ,1890 *The Gramophone* ,1926 Cobbett's Cyclopedic Survey of Chamber Music Walter Willson Cobbett,1929 *The Facts on File Companion to the World Novel* Michael Sollars,Arbolina Llamas Jennings,2008 Church Music Review and Official Bulletin of the American Guild of Organists ,1904 **Beethoven: His life and works** Robert Haven Schauffler,1929 **New Statesman** ,1929 *Beethoven* Barry Cooper,2000-11-30 This major new study of Beethoven and his music is written as a single continuous narrative using a strictly chronological approach that enables each work to be seen against the musical and biographical background from which it emerged The result is a much closer integration of life and works than is often achieved The approach works particularly well for Beethoven for two reasons Firstly composition was his central preoccupation for most of his life I live entirely in my music he once wrote Secondly recent study of his large numbers of musical sketches has enabled a much clearer picture of his everyday compositional activity than was previously possible leading to many new insights into the interaction between his life and music The volume concentrates on Beethoven s artistic achievements both by examining the origins of his works and by commentary on some of their most striking and original features Statements in earlier biographies have been treated with caution and have been accepted only where they are supported by sound evidence Everything even down to the translations of individual German words has been reassessed as far as is feasible in an effort to avoid recycling old errors Many well known but fictitious anecdotes have thereby been eliminated while conversely numerous details discovered in recent years have been incorporated into a general Beethoven biography for the first time notably information derived from sketch studies and from a new edition for correspondence This volume reaches many fresh conclusions that should be of interest to both specialists and the general musical public **The Cambridge Review** ,1881 **The Nonconformist Musical Journal** ,1904 **The Australian Musical News** ,1925 **The New Music Review and Church Music Review** ,1912 Works Performed at the Symphony Concerts During the Season of ...
