Text And Context:

Text, Context and the Johannine Community David A. Lamb, 2014-04-24 Text Context and the Johannine Community adopts a new approach to the social context of the Johannine writings by drawing on modern sociolinguistic theory Sociolinguistics emphasizes language as a social phenomenon which can be analysed with reference not only to its broad context of culture but also through the use of register analysis to its narrower context of situation The Johannine writings have increasingly been seen as the product of a distinct Johannine Community depicted by some scholars as a sectarian group opposed both to wider Jewish society and to other Christian groups This model has largely been constructed on historical critical grounds yet given our lack of reliable external information about the origin of the Johannine writings a more fruitful approach may be to examine their lexico grammatical and discourse features to determine what these imply about interpersonal relationships This study compares selected narrative asides from the Gospel of John with a passage section from 1 John and with the two shorter Johannine Epistles It concludes that register analysis of these texts does not support the idea of a close knit sectarian group

English Texts & Contexts 1 F. Pollock, L. Dippel, 2003 This book includes chapters dealing with the relationships between composers and responders how to use technology to make texts and how to effectively compose and respond to different types of text There is a wide range of texts presented including film visual and electronic texts Students will learn how to increase their understanding of language features structures the perspectives of composers and responders and the way that context can affect a text

Texts and Contexts Adrian Beard, 2001 The idea of studying texts in context has become a new emphasis in literary studies This book explores the idea of contexts and the way they affect texts concentrating upon the writer's context the reader's context the text's context the language context and the meaning context

Language, Text and Context Michael Toolan, 2016-11-18 First published in 1992 this wide ranging collection of essays focuses on the principle of contextualisation as it applies to the interpretation description theorising and reading of literary and non literary texts The collection aims to reveal the interdependencies between theory analysis text and context by challenging the myth that stylistics entails a fundamental separation of text from context linguistic description from descriptive interpretation or language from situation The essays cover a historically diverse set of texts from Puttenham to Colemanballs and a number of language sensitive topics such as post modernism irony newspaper representations gender and narrative

Text, Context, Pretext H. G. Widdowson, 2008-04-15 Written by a leading researcher in the field this fascinating examination of the relations between grammar text and discourse is designed to provoke critical discussion on key issues in discourse analysis which are not always clearly identified and examined Written by a leading researcher in the field Continues the enquiry into discourse analysis that Zellig Harris initiated 50 years ago which raised a number of problematic issues that have remained unresolved ever since Introduces the notion of pretext as an additional factor in the general interpretative process Focuses attention specifically on the work of critical discourse analysis CDA in light of the

issues discussed **The Proof Texts of the Catechism with a Practical Commentary** Augustus Lawrence Gräbner, Louis Wessel, 1920 **The Christian observer [afterw.] The Christian observer and advocate** ,1873 *What Is "Communication Context"?* Anne White Harrington and Priscilla S. Matthews, James C. Moyer, 2012-03 This updated edition of a classroom standard provides an accessible introduction to the literature history and social context of the Old Testament **The American Ecclesiastical Review** Herman Joseph Heuser, 1940 **The Phonographic Journal** ,1896 **Launching Liberalism** Michael P. Zuckert, 2002 In this volume prominent political theorist Michael Zuckert presents an important and pathbreaking set of meditations on the thought of John Locke In more than a dozen provocative essays many appearing in print for the first time Zuckert explores the complexity of Locke s engagement with his philosophical and theological predecessors his profound influence on later liberal thinkers and his amazing success in transforming the political understanding of the Anglo American world At the same time he also demonstrates Locke s continuing relevance in current debates involving such prominent thinkers as Rawls and MacIntyre Zuckert s careful reconsideration of Locke s role as launcher of liberalism involves a sustained engagement with the hermeneutical issues surrounding Locke an innovator who faced special rhetorical needs in addressing his contemporaries and the future It also involves highlighting the novelty of Locke s position by examining his stance toward the philosophical and religious traditions in place when he wrote Zuckert argues that neither of the dominant ways of understanding Locke s relations to his predecessors and contemporaries is adequate he is not well seen as a follower of any orthodoxy nor of any anti orthodoxy of his day either philosophical or theological He found a path to innovation that was philosophically radical but which was also able to connect with prevailing and accepted traditions That allowed him to exercise a practical influence in history rarely if ever matched by any other philosopher Zuckert illustrates that influence by showing how William Blackstone used Lockean philosophy to reshape the common law and how the Americans of the eighteenth century used Lockean philosophy to reshape Whig political thought Zuckert argues that Locke s philosophy has continuing philosophic and political force a proposition he demonstrates by arguing that Locke presents a form of political philosophy superior to that of the liberal theorists of our day and that he has solid rejoinders to contemporary critics of liberalism [Christian Science Sentinel](#) ,1913 *The Holy Bible* Frederic Charles Cook, 1881 **A Treatise on the Preparation and Delivery of Sermons** John Albert Broadus, 1874 *A Critical and Exegetical Commentary on the Revelation of St. John* Robert Henry Charles, 1920 *The Work of Preaching* Arthur Stephen Hoyt, 1917
