The Course of Human Events Steven Sarson,2025-11-28 How reading the Declaration of Independence as a document of history explains its intended meaning Thomas Jefferson chose his words carefully Few could have been more deliberate than When in the Course of human events the phrase with which he opened the Declaration of Independence As Steven Sarson shows the original Declaration moved through the ages of human history from Creation to American independence assessing it according to the Laws of Nature and of Nature s God The Declaration s history and historical consciousness therefore help answer one of American history s great questions How did the founders reconcile their lofty views on equality and liberty with the inequities and iniquities that they maintained in their time The contingencies of history and the complexities of natural law Sarson demonstrates meant that the Declaration s eloquent promises of equality and liberty only applied partially to women and poor men and not at all to Loyalists Indigenous Americans and enslaved people The Declaration s assertion that all men are created equal has since become a promise of universal equality and liberty As we reach its 250th anniversary it is important to understand its original context as well as to continue the mission of making its promises a lived reality for all

The Course of Human Events James Gulisano,2003-02-16 At the height of the American Revolutionary War two men were destined to cross paths on a journey to infamy Heroic and misunderstood General Benedict Arnold and poetic and well liked Major John Andr had two things in common ambition and Peggy Shippen the woman who would become Arnold s wife When Arnold becomes dissatisfied with his treatment at the hands of his fellow countrymen he turns to his wife s one time suitor to design a dark conspiracy Meanwhile the Townsend family patriots all son Robert is an active spy for George Washington in New York becomes unwilling hosts to British Queen Rangers When young Sally Townsend becomes romantically involved with Colonel John Graves Simcoe a window opens into the secret world of Simcoe and his trusted friend Andr As the plot between Arnold and Andr develops its greatest weakness emerges as the love of one of its strongest advocates

When in the Course of Human Events includes eight essays that were first presented at the 2016 A V Elliott Conference on Great Books and Ideas the ninth annual conference sponsored by Mercer University s Thomas C and Ramona E McDonald Center for America s Founding Principles 1776 was a momentous year The revolutionary events in America are well known the publication of Thomas Paine s Common Sense the creation of the first revolutionary flag the writing and signing of the Declaration of Independence the formal naming of the United States of America and the dispiriting series of military setbacks checked only by Washington s famous crossing of the Delaware River on Christmas night and subsequent victory at the Battle

of Trenton Meanwhile on the other side of the Atlantic Ocean 1776 saw the publication of Edward Gibbon's *The History of the Decline and Fall of the Roman Empire* of Adam Smith's *Inquiry into the Nature and Causes of the Wealth of Nations* and the death of Scottish philosopher David Hume Given Hume and Smith's contributions to the theoretical development of large and free commercial republics 1776 looks to be a watershed moment a year when the Americans would begin putting in practice what the Scots had largely developed in theory Of course 1776 has also loomed large in American memory as succeeding generations appeal to its principles and contest its significance This book brings together some of these diverse ideas and events into one volume Contributors include W B Allen Jane E Calvert Adam Potkay Dennis C Rasmussen James H Read Diana Schaub Scott Philip Segrest and Brian Steele
