The Small Singer:

The Small Singer Roberta McLaughlin,1969 Collection of 121 songs for young children about animals toys flowers and other subjects

Better to Light One Candle The Christophers,1999-01-07 When Father James Keller founded The Christophers in 1945 he chose an ancient Chinese proverb as the motto the credo for the movement It s better to light one candle than to curse the darkness Father Keller wrote the first Three Minutes a Day book of daily reflections in 1949 believing that the most effective exterior action had to come from a strong interior spirituality The popular series has continued for fifty years With a story or anecdote for each day of the year plus a scripture verse and a prayer each volume offers daily inspiration throughout the year This is the thirty fourth volume in the series It is a collection of some of the best stories from several volumes and to make it a true perennial it includes a separate section for twenty five movable holydays and holidays

Power Kills R. J. Rummel,2017-07-12 This volume newly published in paperback is part of a comprehensive effort by R J Rummel to understand and place in historical perspective the entire subject of genocide and mass murder or what he calls democide It is the fifth in a series of volumes in which he offers a detailed analysis of the 120 000 000 people killed as a result of government action or direct intervention In Power Kills Rummel offers a realistic and practical solution to war democide and other collective violence As he states it The solution is to foster democratic freedom and to democratize coercive power and force That is mass killing and mass murder carried out by government is a result of indiscriminate irresponsible Power at the center Rummel observes that well established democracies do not make war on and rarely commit lesser violence against each other The more democratic two nations are the less likely is war or smaller scale violence between them The more democratic a nation is the less severe its overall foreign violence the less likely it will have domestic collective violence and the less its democide Rummel argues that the evidence supports overwhelmingly the most important fact of our time democracy is a method of nonviolence
