

Transfigured Night

K Payea

Transfigured Night:

Transfigured night Arnold Schoenberg, 2005-01-01 Inspired by Richard Dehmel's poem Verklrte Nacht Transfigured Night this 1899 work for string sextet is very much in the late Romantic tradition Schoenberg deftly translates the poem's pathos into a monumental work of chamber music The work is reproduced here from an authoritative edition complete with bar numbered movements for easy reference Ideal for study in the classroom at home or in the concert hall this affordable miniature score edition includes the original poem and a translation Passion to Dance James Neufeld, 2011-10-23 This is the story of the National Ballet of Canada the people the determination and how at sixty it is still creating new work while still representing the classics Passion to Dance is the story of the National Ballet of Canada the people who dreamt the company into existence the determination needed to keep it afloat the bumps on the road to its success and above all its passion for dance as a living evolving art form From catch as catch can beginnings borrowed quarters tiny stages enormous dreams the National Ballet has emerged as one of North America's foremost dance troupes The company at sixty is a company of its time engaged in creating challenging new work yet committed to maintaining the classics of the past favourites like Swan Lake The Nutcracker and The Sleeping Beauty One hundred and fifty photographs from the company's archives illustrate this definitive history filled with eyewitness accounts backstage glimpses and fascinating detail This is a record of one of Canada's boldest cultural experiments a book to enjoy now and keep forever **Program Notes** Chicago Symphony Orchestra, 1922 **Arnold Schoenberg's Journey** Allen Shawn, 2003 In this text Allen Shawn puts aside ultimate judgements about Arnold Schoenberg's place in music history to explore the composer's world in a series of linked essays that are searching and suggestive *Something to Say* William Carlos Williams, 1985 *Something to Say* William Carlos Williams on Younger Poets collects all of Williams' known writings reviews essays introductions and letters to the editor on the two generations of poets that followed him from Kenneth Rexroth and Louis Zukofsky to Robert Lowell and Allen Ginsberg What might have been a random collection of occasional pieces achieves remarkable coherence from the singleness of Williams' poetic vision his belief that the secret spirit of ritual of poetry was trapped in restrictive molds and if these could be broken the spirit would be able to live again in a new contemporary form Only a revived clarity and accuracy in sight and expression would enable the modern world to reform social order which Williams saw in complete disarray To resuscitate American Poetry Williams concentrated his efforts on the purification of poetic speech his American idiom and on remaking the poetic line in a new measure his variable foot And while his battles with his contemporaries on these issues could be heated he was always a nurturing father to the young a useful presence a model and a liberator He told Ginsberg to pare down and economize Roethke to open up and encouraged Lowell and Levertov to shake off poetic conventions But in all his emphasis on the poem as a made object of concrete physicality or as a field of action he would return again and again to this basic advice to young writers The only thing necessary is to have something to say when at last the opportunity comes to

say it *Power to Rise* James E. Neufeld, 1996 *Power to Rise* is the first fully documented account of the artistic and organizational history of this remarkable Canadian cultural institution Based on archival sources many hitherto unavailable of the National Ballet of Canada and the National Archives of Canada the book includes first hand accounts of more than fifty of the personalities closely associated with the company throughout its life In *Power to Rise* we learn of the inhospitable environment in which the National Ballet struggled to establish itself of its close calls with bankruptcy and of its evolution into a full fledged professional company We witness the events that led to Franca's arrival from England the uncompromising and often controversial idealism of her artistic leadership the company's dramatic and sometimes perilous growth to a level that prompted the greatest dancers of the age among them Rudolf Nureyev and Erik Bruhn to come to work with company's own stars including Karen Kain and Veronica Tennant The text is illustrated with over 140 photographs drawn from the company's enormous archives as well as from private sources that re create the characters settings moods and artistry of the company
